TEN PAGES TODAY

## TO SEEK PROPERTY NOT ON DUPLICATE

County Commissioners Sign Contract  
With Company to Uncover  
Sequestered Taxables

WILL COST COUNTY NOTHING

Investigation to be Conducted Out-  
side County Regarding Owner-  
ship of Stocks and Bonds

The county commissioners have signed a contract with F. P. Van Der Veer and company of Indianapolis to uncover sequestered personal property owned by inhabitants of Rush county, on which taxes are not paid.

The contract runs for a period of a little more than four years, terminating December 31, 1925, and provides that the Van Der Veer company shall receive fifty percent of all the taxes it collects.

Negotiations between Ferdinand P. Van Der Veer, head of the company, and Rush county officials, have been going on since the first of September, but they have been secret because of the fear that persons who will be hit by the investigation might attempt to bring some pressure to bear on members of the county council and the county board of commissioners.

The county council gave its assent to the contract when it appropriated \$10,000 for the remainder of this year and \$10,000 for next year, at its regular meeting September 6 and 7, to pay the claims of the Van Der Veer company as they fall due.

It is explained that the appropriation is only a matter of form to comply with the law, which provides that the county commissioners shall not pay out any money without an appropriation having been duly made.

The investigation will cost the taxpayers of Rush county nothing, but will make them money, it is pointed out. None of the \$10,000 appropriated for the purpose will actually be expended, but fifty percent of the taxes collected as the result of the investigations will be actually gained by the county.

The investigations will all be made outside of the county and will not hamper or interfere with the duties of any Rush county officials.

The preamble to the contract points out that it is "found that a dispensable public necessity exists for the investigation in counties other than Rush county, within and without the state of Indiana, for the purpose of discovering property owned by residents and inhabitants of said Rush county and subject to taxation therein, but which has escaped taxation and the existence and ownership of which are unknown to the officers of said Rush county, and of which they have no information or means of information, and which in the judgment of the county board of commissioners, can only be ascertained, discovered and reported by persons especially employed to make such investigation and render such service."

Under the terms of the contract, the accountants of the Van Der Veer company make investigations outside the county for the purpose of discovering sequestered property owned by Rush county people and report all property so discovered to the county assessor or other assessing officers of the county, to be listed as omitted property as required by the state law. Such property, the contract states, the ownership of which is unknown to the county officials and the investigation, discovery and reporting of such property for taxation is outside the purview of their official duties.

According to the contract, the commissioners agree to pay the Van Der Veer company fifty percent of all taxes and penalties for any kind and all purposes derived from property so discovered and reported for taxation by the company, such payment to be made from time to time upon verified accounts filed with the commissioners, said payments to be in full for all services rendered and expenses incurred. The company is required to file with the claim the certificate of the county treasurer showing the amount of taxes collected on omitted property.

## OSBORNE TO BE EXAMINED

One of Young Men Sentenced to Reformatory Not to be Taken Yet

Sheriff Jones left this morning for Jeffersonville, taking with him Glen Downey, who was given a three to five year sentence yesterday morning in the circuit court on a charge of vehicle taking. Herman Osborne, the other defendant who received a similar sentence, was not taken this morning, as it is understood that he is to be examined for physical treatment by the government. Osborne is a world war veteran, and has a claim pending on grounds of an injury which he claims took place while he was in service.

The defendant maintains that spinal meningitis left him mentally weak, and it is upon these grounds that he is to be examined.

## IRISH CABINET TO CONSIDER PROBLEM

Summoned by President De Valera  
To Take up Sudden Turn Caused  
by Lloyd George Message

TELEGRAM LIKE BOMBHELL

Sinn Fein Expected to Recommend  
Plebiscite—Preparations For  
War in Evidence

(By United Press)

Dublin, Sept. 16.—President Eamon De Valera summoned the Sinn Fein cabinet today to consider the situation arising out of Lloyd George's action in cancelling the proposed Inverness conference.

Lloyd George's telegram came like a bombshell to the Irish people. It shattered the optimistic outlook that had been steadily maintained throughout the country.

It was believed likely when the Sinn Fein cabinet met today that it might recommend a plebiscite.

This would mean a long delay and would give the Irish leaders respite from the predicament in which it was admitted they found themselves today, faced by the important choice between withdrawing from their position or bringing on war.

The Irish press today insisted that the masses of both Britain and Ireland demanded peace and reiterated they believe that mutual statesmanship would avert war. Every effort was made today to keep up the spirits of an Irish people bewildered by the sudden turn of events.

Many preparations for war were in evidence in different parts of Ireland today, according to reports reaching Dublin.

While the Dail cabinet, at its meeting today was to decide upon the next step towards peace or war, it was recognized here that a crisis had not actually yet arisen. Lloyd George's telegram, while it flatly refused to treat with the Irish plenipotentiaries in the manner they wished, did not close the door. De Valera and his colleagues had only to find some fresh wording of their position which would prove acceptable and it was believed the conference could be held without further difficulties.

The general tone of the Irish press was hopeful. The Irish Independent: "We are loath to believe this is the last word. A breakdown after weeks of good will would be disaster."

## Example of Washington Doesn't Go in Zion City

Zion City, Ill., Sept. 16.—Abraham Lincoln smoked, Edison is fond of the weed and George Washington cultivated tobacco on his plantation.

H. S. Litchfield, attorney for Muir Anderson, workman who was charged with smoking a pipe in Zion, told this to a jury here today.

"But they didn't live in Zion," was the verdict. Thirty dollars fine.

## LEADERSHIP OF WATSON FORESEEN

Evidence Continues to Multiply That  
he Will be Selected by Senate  
Majority

TO SUCCEED SENATOR LODGE

Need of Leader More Familiar With  
Domestic Problems Pointed Out  
by Correspondents.

Evidence continues to multiply that Senator James E. Watson will become the majority leader of the United States senate when Senator Henry C. Lodge of Massachusetts takes his place as a delegate of the United States in the international conference to consider the limitation of armaments.

For some time, Washington newspaper correspondents representing papers in various sections of the country have been forecasting that Senator Watson would succeed Senator Lodge.

Mark Sullivan, formerly editor of Collier's Weekly, and for the last several years a newspaper political writer, is the latest authority to foresee the selection of Senator Watson to fill Senator Lodge's shoes.

A Washington dispatch to the Chicago Tribune also comes along with the same prophecy, and the Richmond Palladium news bureau at Washington points to the fact that it was among the first to observe that Senator Watson was the acknowledged choice for the majority leadership.

Although Senator Curtis of Kansas is reported to be a contender for the Lodge leadership, it is said that he will be satisfied to become president pro-tem of the senate, succeeding Senator Cummins, who has been in poor health.

The various correspondents point out that Senator Watson is ideally suited for the leadership both by temperament and experience. He served several terms in the house and as republican "whip" directed legislation with rare ability. The need of a leader who is more familiar with domestic problems than Senator Lodge is pointed out in the following dispatch:

Since the beginning of the present session of congress domestic policies have been to the fore and the importance of a new majority leadership was recognized early in the summer. The majority organization, dealing with domestic problems of the most important nature under Lodge's leadership, has not been functioning properly. From now on it must function freely.

The appointment of Senator Lodge

## WILL RECEIVE BIDS ON WIRING AND LINE

County Commissioners Take First  
Step Towards Improvement of  
County Infirmary

TO PROVIDE ELECTRIC LIGHTS

The county auditor, Phil Wilk, today announced that the county commissioners would receive bids Monday, October 3, up until two o'clock in the afternoon for the construction of a one-pole electric line from the east corporation line of the city to the county infirmary, and for the wiring of the county infirmary for electricity.

This is the first step in the plans to improve the county infirmary and provide it with some of the convenience to which, it is believed, the inmates are entitled. A few weeks ago the commissioners decided to spend some money at the infirmary upon the recommendation of the county board of charities.

The infirmary has repeatedly been condemned as unfit and unsanitary by the state board of charities. It is believed that providing electricity at the infirmary will be a great improvement because it will remove the danger of fire which arises from the use of coal oil lamps, and will also serve to lessen the labor required, by making possible the use of electrical devices.

## SUIT TO COLLECT JUDGMENT HEARD

Case of Jesse Vandiver Against  
Frank Vandiver Taken Under  
Advisement in Court

CROSS COMPLAINT FILED

Mrs. Mary Wilfong Petitions For  
Support Money—Clara Duke  
Granted Restraining Order

Evidence was heard this morning in the circuit court in the case of Ray Thornburg and Park Thornburg against Jesse Vandiver and Frank Vandiver, a suit to collect a former court judgment amounting to \$225, and the matter was taken under advisement by the court.

Mary Wilfong, defendant in a divorce action brought by Arvy Wilfong, has filed an answer of general denial to the allegations, also a cross complaint and a petition for support money.

Clara Duke, who filed suit this week for divorce from Ernest Duke, also today filed suit for support money and the matter will be heard in the morning at nine o'clock. The court also granted a restraining order, enjoining the defendant from selling any property.

A citation has been issued to the sheriff of Decatur county against Oscar Reppert, who is ordered to appear in court here on September 24 and show cause why he should not be punished for contempt of court. The action was brought by Anna Reppert, his wife, who is a defendant in a divorce case, and who alleges that he has failed to provide support money as ordered by the court.

A case which is among the oldest on the record of Earl Walton against Horace G. Beckner, filed here in 1917, will be sent to Decatur county for trial. The defendant made application for a change from the county. The suit originated in Hancock county, and the change will be the second for the case.

Another case of long standing, of Clinton W. Phillips, et al. against John M. Brown, et al, a suit for \$300 damages, was dismissed in the court today by the plaintiff.

A suit in which Benjamin F. Reeves is plaintiff and Frank G. Reeves, defendant, on note in which \$275 judgment was demanded, also has been dismissed and the costs paid.

Several cases are set for trial here Saturday, including two or three divorce cases.

## HARDING ON WAY BACK TO CAPITAL

President and Party May Put in at  
Norfolk for Another Round of  
Golf

HOOVER BOARDS MAYFLOWER

By RAYMOND CLAPPER  
(U. P. Staff Correspondent)

New York, Sept. 16.—President Harding and his party were on their way back to Washington today on the Yatch Mayflower.

When the president left West Point last night it was his intention to proceed directly to the capital, arriving there Sunday. There was a chance, however, that he might put into Norfolk for another round of golf, which would delay his arrival in Washington until Monday morning.

The presidential golf displayed on the military academy links yesterday showed no improvement over the form he had shown throughout his holiday. Par is 35 and the president required 56.

The trip down the Hudson, escorted by a destroyer, was made under a brilliant harvest moon. The Mayflower stopped off 79th street, New York, long enough to put Attorney General Daugherty ashore and take aboard Secretary Hoover. The destroyer accompanied as far as the narrows.

## TRAIN STRIKES A WASHOUT

Fireman on Los Angeles Limited and  
Tramp Killed in Derailment

Cedar Rapids, Ia., Sept. 16.—Two are dead, two badly injured and three cut and bruised as the result of a derailment of the Los Angeles Limited of the Chicago & Northwestern railroad, which struck a washout three miles west of Belleplaine, Ia., while going at a high rate of speed at 2:30 a. m. today.

The dead are:  
John Johnson, Clinton, Ia., fireman and an unidentified tramp.

Tom Lee, Clinton, engineer, was badly scalded about the head and shoulders and a tramp named Grant was badly cut about the head.

## WILL PROSECUTE FATTY FOR MURDER

District Attorney Brady Announces  
Decision Previous to Preliminary  
Hearing

POSTPONED UNTIL THURSDAY

Possible Charge May be Reduced to  
Manslaughter Following That—  
Trial in 3 Weeks

(By United Press)

San Francisco, Calif., Sept. 16.—District Attorney Brady announced today that he had decided to continue the prosecution of Roscoe "Fatty" Arbuckle on a charge of first degree murder.

Brady did not specify whether he might change this decision after the preliminary hearing to open in a few days. The immediate effect of the announcement was to make certain that Arbuckle must stand for a preliminary examination.

This also spoiled the comedian's hope of securing liberty on bail. It is possible that the charge may be reduced to the manslaughter indictment following the preliminary hearing.

Arbuckle will be brought to trial within three weeks, District Attorney Brady declared before the preliminary hearing.

Whether he is tried for manslaughter or murder, his trial will be held within that time. Brady called another conference of his aids this morning, saying that no decision had yet been reached as to whether he would place a murder or manslaughter indictment. He came into court at 10:45 o'clock ready to proceed with the preliminary hearing for murder.

Arbuckle's attorneys asked for a continuance of ten days and a clash of the lawyers followed. District Attorney Brady said five days was all that was necessary and urged that the case be hastened. The case was finally continued until next Thursday and Arbuckle was ordered back to his cell, all chances of immediate release having been removed.

To Clean up Picture Colony

Los Angeles, Cal., Sept. 16.—A drive to "clean up" the Hollywood motion picture colony was started here today as a result of the Fatty Arbuckle disclosures.

Robert McCormick, federal prohibition director, sent 10 "dry" detectives to Hollywood to probe and expose booze scandals. They expect to ascertain where the wilder spirits

## Guesses Number of Seeds In Watermelon, Wins \$100

Fred Martin of Glenwood has received a check for \$100 from the Hollywood Land and Water Company of Indianapolis, as a prize for guessing the correct number of seeds in a water melon which was on display at the Indiana State Fair last week. Mr. Martin made a guess of 1,166 seeds, and according to an announcement the judges found an equal number of seeds in the melon.

## WALKER PRESENTS COMPOSITE REPORT

Connersville District Superintendent  
Outlines Work in Indiana Con-  
ference For Year

9,529 CONVERSIONS ARE MADE

Net Gain in Church Membership Re-  
ported as 7,578—Life Decisions  
For Ministry 39

(Special to the Daily Republican.)

Connersville, Ind., Sept. 16.—A composite report of all of the district superintendents of the Indiana conference, Methodist Episcopal church, in lieu of the several separate reports as has been the custom, was made today at the conference here by Dr. John M. Walker of Rushville, superintendent of the Connersville district.

The report was in accordance with a resolution adopted at the last conference, and includes an approximate summary of the details regarding the progress made during the conference year.

It was regarded as most gratifying, showing, in a material way, the following: Improvements in churches totaling \$200,000; improvement, purchase or buildings or parsonages, \$50,000; conversions, 9,529; baptisms, 3,699; net gain in church membership, 7,578; life service decisions for the ministry, 39; for other forms of Christian work, 80.

The report stated such decisions were greatly stimulated by the Epworth League institute at Bethany Park, where 86 decisions for special life service were made on one Sunday morning.

Continuing, the report stated: "The problem of ministerial supply is still before us but seems to be not so acute. Several superintendents report gratifying accessions to the ranks. Three women preachers have held charges in the Conference this year, all in the Greensburg district. Bro. Whitsitt reports all as successful.

Every district superintendent reports an increase in Sunday school enrollment. The increase for the Conference will be 7,000.

"Many charges are embarrassed to take care of their Sunday schools in their present buildings. A great building program needs to be put on throughout the Conference. Bro. Freeland gave especial attention to the development of the Sunday schools, among other things sending news, letters and bulletins to the superintendents.

## SAYS OFFICIALS ARE ENTITLED TO \$3 A DAY

Chief of State Board of Accounts  
Sends Out Letter to Auditors  
Regarding Special Election

WHAT COMPRISES A DAY?

Jesse E. Eschbach, chief of the state board of accounts, has sent out a letter to county auditors of state, pointing out that the pay of officials in the special election September 6 is governed by the primary election law. Rush county officials, in making an investigation before the election, discovered this to be the case, but they found nothing in the primary law actually fixing the amount to be received.

Mr. Eschbach says in his letter to auditors, however, that the law says the precinct election officials shall receive \$3 a day. He further states that the per diem is for a calendar day and that if "any such officials performed services after midnight September 6, they are entitled to an additional per diem of \$3 for services performed September 7."

According to the usages in elections, officials are believed to be entitled to a second day's pay if they work longer than twelve hours, but Mr. Eschbach evidently wants them to work eighteen hours to get in a day. The commissioners will decide this question when they allow the election claims at their regular October meeting. Mr. Eschbach says the inspectors are entitled to an extra day for obtaining supplies. This is the regular custom.

**NEW YORK STOCK MARKET**

New York, Sept. 16—The stock market opened with a recovery of short duration. In a majority of instances opening prices were higher than the previous close, but they soon turned back.

Baldwin Locomotive opened up 1/2 at 89 then sold at 89 3/4, only to fall back to Thursday's last price. Independent Steels were heavy and Bethlehem steel "B" made an early low at 54. Mexican Petroleum was up 3/8 at 115 1/2 but then dropped below 115. Royal Dutch was off 5/8 at 48 3/4. Steel common was firm and the first sale was up 1/4 at 78 1/2. Burns Brothers still led the specialties up 3/4 at 94 1/2. Rails were slightly lower.

The stock market opened irregular today. Opening prices included: United States Steel 78 1/2, up 1/4; Studebaker 76, up 1/4; Mexican Pete 115 1/2, up 3/8; Northern Pacific 77 3/4, off 1/4; Texas company 36, up 1/4; Southern Pacific 77 1/2, unchanged; American Loco. 90, unchanged; Union Pacific 120 1/2, unchanged; Crutcher 61 3/4, up 1/8; Canadian Pacific 112 1/2, off 1/8; Industrial Alcohol 48, off 1/4; Reading 71, up 1/4; Baldwin Loco 89, up 1/4; General Motors 10 up 1/4; United States Rubber 49 1/4, off 1/4; Royal Dutch 48 3/4, off 5/8; Asphalt 52 1/2, up 1/2; American Smelting 36 1/2, up 1/4; Kelly Springfield 42 unchanged; Bethlehem Steel "B" 54 3/4, unchanged; American International 31 1/2, up 1/4; American Woolen 75, unchanged.

**COUNTY HOG SHOW  
IS BEING AGITATED**

Many Swine Breeders Believe Exhibition Would be of Immense Benefit to Farmers

**TWO HELD IN WAYNE COUNTY**

A county hog show in connection with the annual corn show in Rushville is being agitated by many breeders of registered hogs in Rush county. They point out that this is a custom which is growing throughout the state and believe that Rush county the leading hog producing county in the United States, should not lag behind in this respect.

Breeders who are interested in the project call attention to the fact that such shows are creating a great amount of interest in other counties among the breeders and farmers and are responsible for placing a better class of swine before the farmer.

A second show has just been held in Wayne county. It took place at Jackson park, one and one-half miles west of Centerville Wednesday, and Thursday of this week. George W. Reeve of this county, a Spotted Poland China breeder of this county, acted as judge in the Spotted Poland China class and also in the boys and girls pig club. The show was not limited to swine, but also consisted of an exhibition of other live stock and agricultural implements.

—Mr. and Mrs. John A. Tittsworth arrived home last night from a few days stay in Martinsville.

—Miss Mary Colvin of New Salem is visiting Mrs. Emma Miller and Mrs. Eli Hardwick of this city.

—Mr. and Mrs. Charles Dagler motored to Rushville yesterday and were accompanied home by Miss Leone Dagler.

—Mr. and Mrs. Charles Keller of Indianapolis and Mrs. Harry Striker of this city have gone on a motor trip to Columbus, Ohio, for a few days visit with friends.

—Mr. and Mrs. Thomas Crawford and Aaron Crawford, all of Nashville, Tenn., came this morning for a visit with Mr. and Mrs. Glen Moore and relatives of this city.

—Miss Della McQuiston, librarian of the Jacksonville, Ill., college, is visiting her relatives, Mrs. V. C. Bodine and George W. Osborne in North Perkins street for a few days.

—Dr. Gertrude Price of Pigeon, Mich., is here for a visit with Mr. and Mrs. L. C. Snodgrass of West Third street. Mrs. Snodgrass and Dr. Price motored to Indianapolis yesterday and spent the day.

—Miss Catherine Caron returned to St. Martins, Ohio, to resume her studies in Ursuline academy after spending the summer here with her parents, Mr. and Mrs. Charles J. Caron.

—Mr. and Mrs. B. E. Russell and Katherine Barnett of Winchester, Va., and Mr. and Mrs. A. J. Kidd and grand son Ernest Baker of Brazil, Ind., are here for a visit with Mr. and Mrs. G. P. McCarty of North Harrison street.

—Mr. and Mrs. Will Dill, Mr. and Mrs. Jesse Retherford and Mrs. Sarah Guffin have returned to their homes in this city, after a motor trip to Louisville, Ky., where they attended the fair and visited Mr. and Mrs. Roy Brown.

## TO FIGHT OPEN SHOP IN PACKING HOUSES

**Meat Cutters and Butcher Workers Union Will Lay Plans at Meeting Tonight**

### TRANSITION MADE QUIETLY

Kansas City, Sept. 16.—Plans to fight inaugurations of the "open shop" in the Armour, Swift, Wilson and Cudahy Packing plants here will be taken at a meeting of the meat cutters and butcher workers' union tonight, union leaders here announced today.

About 9,000 employees will be represented at the meeting.

Chicago, Sept. 16.—The transition of the plants of the five big packers here into "open shops" was quiet today.

No trouble had been reported at the yards.

Officials of the International Butchers' Union have announced no plan of action. It is understood they are seeking conferences with the packers' executives, who are firm in their decision to treat only with representatives of "company unions."

### MINERS RESCUED ALIVE

Carbondale, Pa., Sept. 16.—Four mine workers entombed at noon yesterday by a mine cave-in in the Colbrook mine near here have been rescued alive. Two were rescued this morning and the other two were rescued about midnight last night. They suffered no serious injuries but the two brought out today were weak after their twenty-four hours of imprisonment.

—Among those from a distance who were here yesterday to attend the funeral services for Miss Margaret Casady, were Mrs. Ellen Twomey, Mrs. Robert Casady, Mr. and Mrs. Horace Casady and daughter Frances, Mr. and Mrs. P. M. Casady and son Corval and Miss Dove C. Meredith, all of Indianapolis; Miss Winona Newsom of Colthage, Miss Roberta Harris of Columbus, O., Mr. and Mrs. A. J. Morrison and son Casady of Shelbyville and Dr. Vernal Casady of Cleveland, O.

## Too Busy?

Too busy to go to church Sunday? Some day the angel of death will tap your shoulder. You cannot put him off.

Why not cultivate the spiritual side of your nature?

The old commandment: "Six days shalt thou labor and do all thy work; but the seventh day is a Sabbath" was intended for you. Cold-blooded economists tell us that men who rest on Sunday do the most work.

There is a seat for you in this church. Come Sunday.

Remember the Sabbath to keep it holy. In it thou shalt not do any work.

### CHURCH SERVICES

#### First United Presbyterian

Pastor, Rev. E. G. McKibben.  
Sabbath School at 9:30 a. m.  
Preaching services at 10:45 a. m. sermon subject, "The Norm of Life's Commonplaces."

On account of serious illness in the family of Elder S. J. West, the usual Saturday and Sunday services this week will not be held at this church.

#### Andersonville Christian Church

Ed Gwinnup of New Salem will address the congregation at the Andersonville Christian church on Sunday night at 7:30 o'clock.

## MISSING CASHIER SOUGHT IN CANADA

Bondsmen for Citizens National Bank of Tell City Search for Alphonso Schaerer

\$21,000 IN BONDS DISAPPEAR

Tell City, Ind., Sept. 16.—Bondsmen for the Citizens National Bank here Friday were making a search in Canada for Alphonso Schaerer, cashier of the bank, following discovery by officials of the bank that \$21,000 in Liberty bonds were missing. It is believed that Schaerer took the bonds.

The cashier left Sept. 3 on a two-weeks vacation. He told his mother, Mrs. Salome Schaerer, that he was going to Louisville, Ky. After more than a week's absence without hearing from her son the mother wrote to relatives in Louisville and was told that her son had not been there.

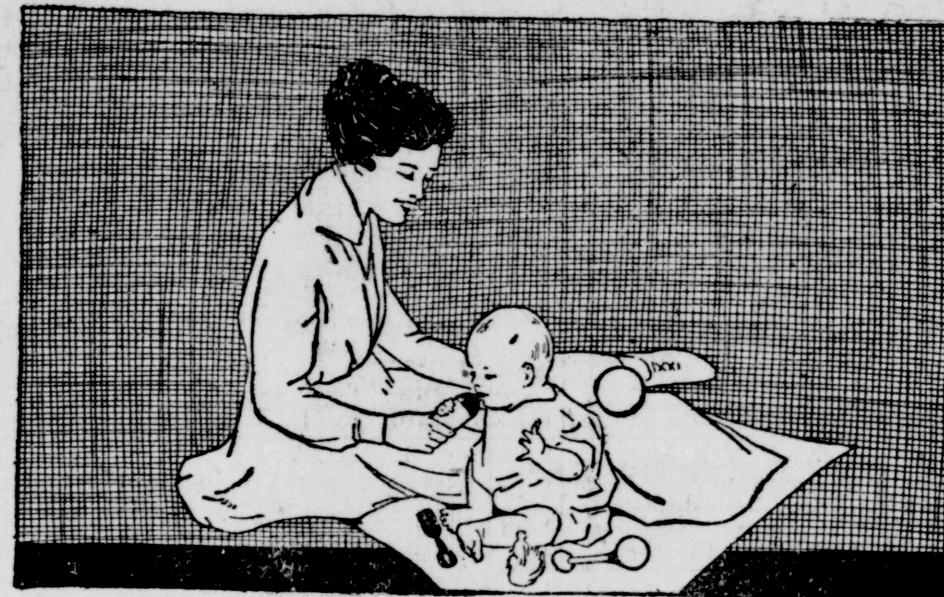

The bonds were insured by the American Surety Company.

Schaerer is treasurer for the American Loan Company of Tell City, which deals with the Citizens Bank. A deposit was made by Schaerer for the loan company on the same night that he left Tell City. It is believed that he took the bonds at that time.

The cashier was seen to board a westbound L. H. & St. L. train out of Hawesville, Ky., late Saturday night. It is believed he went to Evansville and went on to Canada.

The bank did not open until Tuesday, Sept. 6, officials of the bank said Friday. This would have given Schaerer a start of over 48 hours had the theft been detected upon the reopening of the bank.

When you are in need of anything from the Drug Store, you naturally want the very best that money can buy and that is exactly what we intend that you shall have if you trade at our store. Our constant aim is to give our customers the very highest class of Drug Store merchandise at prices which are the lowest possible, consistent with our Quality.

## For Your Baby

Need anything for the baby?

We can supply you with baby's needs of the best quality at most reasonable prices.

For the bath, we offer Soaps, Sponges, Talcums, Toilet Waters, Powder Puffs, Etc.

For nursery use, we have practically everything you need, such as Infant Foods, Nipples, Nursing and Hot Water Bottles, Etc.

If your child is ill and requires medicine, we will give your prescriptions prompt attention.

They will be most carefully filled and promptly delivered. We're here to please. Let us try.

It makes no difference what you may want from the Drug Store—Call us, we have it—we'll get it or it can't be found.

A trial order will convince you that the quality of our merchandise and of our SERVICE is unexcelled.

## Don't Stub Your Toe!

One dark night—so the story goes—a certain monarch placed a large boulder in the middle of the road. Thousands of his people, thereafter, severely stubbed their toes or troubled to walk around. At length, one lusty youth—wiser than the rest—seized the stone and heaved it from his path. And where it had rested, he found a bag of gold.

Are you stubbing your toe? Are you overlooking any bags of gold? How about the advertising in this paper? Do you read it—consistently? It is a bag of gold to many of our readers.

In our columns you will find the advertisements of alert progressive merchants and manufacturers who seek to tell you something they think you ought to know. This advertising is news about the very things that interest you most—articles that will save you money, lessen your work, or add materially to your comfort and well being.

Thrifty men and women read advertising. To them it is a plain, every day business proposition—a duty they owe themselves and their purses. It tells them where they can buy exactly what they want at a price they can afford to pay.

Advertising pays them. They make it pay.

**It will pay you, too. Read it.**

## PLAYS PRANK ON HIS FATHER

Ora Pattee, 9 Hides in Binder's Path And Feet are Cut Off

Auburn, Ind., Sept. 16.—Nine year old Ora Pattee, hid in the field to play a prank on his father, Bert Pattee, who was binding corn.

Pattee knew nothing of his son's presence until he saw him lying in the path of the binder crying for help, with both of his feet cut off, above the ankle.

Physicians say the boy will recover.

An automobile moving 50 miles an hour should be able to stop in 231 feet.

**Do Your Feet Hurt**

And they will hurt if your shoes have not been fitted to YOUR FEET

by someone specially trained to understand feet as well as shoes. Our expert will examine your feet without charge.

Freight Rates Get Blame

From "it is the war" to "it is the freight". That has been the recent change in the stereotyped, blanket answer to the protest of the harassed consumer, as food prices stay up.

And the railroads are cutting wages, and putting up a very good imitation of going to the bow wows.

Wonder if there isn't some good common sense buried in the following, from a hard-headed manufacturer, who knows what he's talking about!

When he wrote it, he probably had in mind also the tremendous quantity of wood pulp that is annually diverted from newsprint to fibre boxboards, and he probably feels that if the press of the nation is to be preserved it cannot go on much longer paying the premium for its white paper that such a diversion creates.

The writer is Lacy Y. Williams. He wrote as follows in a recent number of the Railway Age-Gazette. "My deductions from my experience as a manufacturer of packages, and as a shipper of various types of packages, is that the barrel is the strongest, most portable, most sanitary container; that it has the greatest range of use, and that it is the cheapest of all packages, without exception, when weight and contents are considered.

"Take the transportation question alone. One man will unload a carload of 200 barrels, of sugar, weighing an average of 360 pounds each, in less than an hour, and not injure a barrel in the slightest way.

"On the other hand, no rectangular container has ever been produced that could be handled at all with this weight by one, or even two men. A barrel can be rolled any distance. It carries its running gear with it.

"The contents of a barrel are protected from damage from leaky car roofs and from rain during loading and unloading, or when on platforms, which would be fatal to the contents of a fiber container.

"Shipping the barrels home empty is not necessary, for the reason that they can be used for any kind of product when empty, and always find an eager market, returning full.

"The classification on goods shipped in barrels should be lower than on goods shipped in rectangular containers for four seasons.

"First—There are fewer damages claims.

"Second—A freight crew will handle ten times the tonnage in barrels that it will in rectangular containers.

"Third—Cars can be unloaded in one-tenth the time and under weather conditions that, with other containers, might prevent the release of the car.

"Fourth the barrel is more sanitary."

If the railroad workers who are contemplating a strike, think twice

before acting, it is probable that they will remain on the job, because there are plenty of men glad to have the places they fill at much lower wages.

The internal revenue bureau has ruled that dad has a right to make 200 gallons of wine each year for home consumption, but this will not interfere with mother doing the work.

A vaudeville show will be a dull affair when women lengthen their skirts and the bootleggers are all put out of business.

Men who are unable to appear in police court but are still able to leave the city will probably find the courts a bit rough with them when they do appear.

Failing in an alleged attempt to escape prison, Mrs. Dan Kaber has resorted to a hunger strike, which is one of the means of breaking into print.

Current Comment

For Railroad Men to Remember

(Providence Journal)  
Before any railroad employee puts himself on record by word or deed in favor of rejecting the very moderate wage cut to which he has been subjected, let him note what John Sullivan, President of the Central Trades Assembly in New York City, and Major Edward Underwood, in charge of the Salvation Army's work there say about prospects for the coming winter.

According to their figures, independently compiled, there are 500,000 idle workers in the metropolis, conditions having recently become more serious week by week. Charity organizations are making unusual plans to meet the situation, believing that in respect to unemployment the winter is destined to be the worst for many years. A large number of idle workmen are now sleeping in the parks; what will they do when cold weather comes?

Bird S. Coler, Commissioner of Public Welfare, says the number of unemployed is constantly increasing. Major Deegan of the American Legion estimates that 75,000 ex-service men in the city have no work to do.

Conditions similar to these are reported over a wide area. Thousands of holders of Liberty bonds, tied over until now by selling them, have no further accumulated savings to draw upon.

For every job there are two or more applicants and the man who has one would better stick to it.

During the railroad strike of two years ago a host of volunteer trainmen were recruited in the neighborhood of New York and helped materially to put an end to the trouble. They were not in need of work—it was a time of prosperity and they had enough to do at their usual occupations. They gave their services to the roads simply to put an end to an intolerable situation.

To-day conditions are different. There are hundreds of thousands of young men who would jump at the chance to take a railroad employee's place and keep it.

In such circumstances there could be only one end to a railroad strike—a quick end, with the strikers roundly beaten and their families financially crippled. The transportation employees have had their wages raised far above the pre-war level and can afford a moderate reduction much better than the workers in many other lines.

With winter less than four months away and labor conditions throughout the country so serious that President Harding has called a national conference to take measures to meet them, a railroad strike would be worse than folly.

POULTRY KEEPERS TO MEET

L. L. Jones of Purdue to Speak of Fall Care of Pullets.

A meeting of the poultry record keepers of Center township will be held at the home of Earl Sears, west of Shiveley's Corner next Thursday afternoon at two o'clock, it was announced today.

L. L. Jones, Purdue poultry extension worker, will be present and will speak to the members of the organization regarding the fall care of pullets and feeding for egg production.

The association of poultry raisers who are co-operating to increase the yield from their poultry, is an auxiliary of the Center Township Farmers association.

A pound of raw silk contains enough unspun thread to reach 181 miles.

WALKER PRESENTS  
COMPOSITE REPORT

Continued from Page One

"Favorable reports come from all the districts as to the work of the Epworth League, the Women's Missionary Societies, and other organizations of the church.

"The real status of the Centenary will be best indicated by the reports that are made here at Conference. There has been re-action in some places and difficulties are not wanting, but the glory of the Centenary grows for those who have eyes to see, and hearts to perceive, and we must and shall know only worthy victory in this great matter.

"Notwithstanding the general financial uncertainty good increases in support of the pastors is reported by several of the districts the total being about \$21,600.

"The health of our ministers and their families has been remarkably good. There have been a few exceptions, however.

"Subscriptions to the Western Advocate have been increased in the Conference this year, the Vincennes District leading in this particular. The number as reported for the Conference is 6,167. \*\*\*

"A gratifyingly large number of students is attending higher institutions of learning, most of them going to other than Methodist institutions. It is fortunate that we have these other institutions for we could not possibly take care of all these students in our own institutions. \*\*\*

"Concerning the hospital system our conference committee will make report and the superintendent of the hospital will speak. \*\*\*

"Money aggregating several thousands of dollars has been given by our churches for Armenian, European, and Chinese Famine Relief, and for other causes. The amount of help given for these causes beyond our own ecclesiastical borders is probably never fully reported.

"The District gatherings held this year seem to have been invariably successful. Some special gatherings have risen above the routine.

"A Conference on church music was held in St. Paul's church, Rushville, on February 8 and 9, which was largely attended and produced a deep impression. Dean McCutcheon of DePauw University and others co-operated in the program.

"A district gathering of Men's Bible Classes was held in the Coliseum at Rushville on May 23. The assembly of more than a thousand was addressed by Dr. W. S. Bovard, the secretary of the Board of Sunday schools. I am told by Dr. Bovard that this feature is now being introduced throughout the nation as a help to the work of Men's Bible classes in rural as well as city districts.

"The Bethany Park Epworth League Institute was more of a success than ever this year except in its finances. There were 504 registered delegates and nearly 500 others for part-time attendance. The financial deficit was very small. Owing to the importance and remarkable growth of this work, as well as to the needs of the Conference for a meeting place for other similar gatherings, a resolution was passed by the Board of Control recommending that a committee of this conference be appointed to find grounds that can be developed into a suitable summer meeting place for conference gatherings.

"The subject of recreation is mentioned by several of the superintendents in their reports to me. Bro. Whitsett says: 'In several sections of the district the amusements and recreations have been neglected by the churches and consequently Sunday theatres and baseball is carried on to the great detriment of the church.' Dr. Bacon says that the 'district superintendent's judgment is that the movies have not affected the attendance of church members to any great extent but they probably have affected the possibility of the churches' reaching the non-church-going masses to a very great degree.' \*\*\*

"We all of us are grateful for the privilege which has been ours of

"In conclusion we would join with you in saluting affectionately and appreciatively him who formerly labored among us, and who now returns for the first time to be with our conference and preside over its session. We welcome him. He will find that the heart of Methodism here in the middle west beats with love and esteem for him and with fidelity for the essentials of Methodism. He will find the University to which he gave several of the choice years of his life a giant now, puissant with noble purpose, commanding a singular influence, and laurelled with the honors of notable service. We welcome you, Bishop Hughes, for your cordial greetings, your unique personal acquaintance with everyone, your world-vision, your trenchant eloquence, your Christian heart. We throw open the doors of our Conference and of our hearts wide to you. Loyal to you, we shall not be less loyal to our own Area leader,

Bishop F. B. Leete, during his absence in high counsels across the seas. May God's blessings rest upon you and upon him and upon all our counsels together that we may all return to our places of work better prepared to acquit ourselves like men of God."

Might as Well

Even Abe Lincoln, though never noted for his beauty, had some pride in his appearance. One day, the story is told, while going down the street, he met a man who looked him over closely and drew a gun on him.

"Stranger," the man said, "I swore that if I ever met anyone homelier than I was, I'd shoot him on sight."

"Brother," drawled Abe, "If I'm homelier than you I reckon you might as well."

ARLINGTON CLUB  
TO PUT OUT WINNER

Retains Ross Smith of Indianapolis  
as Coach and Prepares For First  
Practice Sunday

FIRST GAME SEPTEMBER 25

The Arlington Athletic club expects to put out a winning football team this year, and the first practice and scrimmage will be held Sunday afternoon at one o'clock. Ross Smith of Indianapolis will coach the team this year, it has been announced.

Sunday a practice will be held when two teams will be picked and a full game played. At this time Coach Smith will pick the regular team from 30 applicants, and the first game will be played at Greenfield September 25. Shelbyville will probably open the season at Arlington on October 9.

The following games have been booked so far, besides the two contests mentioned above; Lawrence at Arlington, October 16 and the Fern-dale Club at Indianapolis, October 23. Clyde Miller is manager and is ready to book games with only fast teams.

COULDN'T WORK FOR  
TWO WHOLE MONTHS

West Terre Haute Miner Gets Over  
Trouble—Is Back on Job Feeling  
Fine

"I hadn't been able to hit a lick of work in two months when I began taking Tanlac, and now I am back on the job feeling fine," said Fred Mullen, coal-miner of 818 South Sixth St., Terre Haute, Ind.

"Stomach trouble and rheumatism had gotten the best of me. No matter how little I ate gas would form on my stomach and cut off my breath at times. I felt just like I was smothering to death and my heart would beat like a trip hammer. My legs and feet hurt me, too, and many a time I was not able to walk."

"I was just down and put when I started taking Tanlac, and the way it put my stomach in order and knocked out the rheumatism beats anything I ever heard of. I never miss a day from work now and am turning out more coal than in years before."

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

ANDERSON MAY GET  
IN SEMI-FINALS

Long Australian Star Believed to  
Have Good Chance to be Runner-  
up in Tennis Play

TO MEET WALLACE JOHNSON

Billed as Exhibition Match to be  
Played This Afternoon at 4—  
Davis' Chances Slim

By HENRY L. FARRELL  
(U. P. Staff Correspondent)  
Philadelphia, Pa., Sept. 16.—Four of the 108 tennis stars who started in the chase after the national championships a week ago will play today in the semi-final round at the Germantown Cricket club.

Two Philadelphians, an Australian and a Californian survived the rather flat fifth round yesterday and will pass through the process of being halved today.

Wallace F. Johnson, the big Philadelphian who perhaps, has been nearer the championship than any other player, is to play James O. Anderson, the long Australian star, considered by many as having a fine chance to get into the final round.

Johnson was the finalist in 1912 when he lost the title on a "funny bounce". He was a semi-finalist in 1919 and 1920 and again this year finds himself among the last to live through.

Anderson seems to have reached the form that caused such glowing accounts to be sent out of Australia about his game. He has much more steadiness and his game is much better all around than it was at Newport when his wilderness helped the Japanese team beat the Australians.

The Johnson-Anderson match is billed as the feature of the day and will be played at four o'clock on the exhibition courts.

Willis E. Davis, San Francisco, regarded from the start as a semi-finalist and one of the favorites in the tournament, did the expected and reached the next to last round with William T. Tilden, the world's champion.

Chances of Davis to get into the final with either Johnson or Anderson are considered very small although he has been playing a very good game.

\*\*\*\*\*  
\* Watching The Score Board \*  
\*\*\*\*\*

Yesterday's Hero—Babe Ruth broke his world's record when he knocked out his fifty-fifth homer, exceeding the record of 54 made last year. The Yanks retained the lead by taking two from the Browns 10 to 1 and 13 to 5.

The Indians kept at the heels of the Yanks by taking a doubleheader from the Athletics at 17 to 3 and 6 to 0.

The Giants made it three straight over the Reds and increased their lead over the Pirates with a 9 to 6 victory.

Three hits and two errors in the sixth inning gave the Braves four

GIANTS HOOK UP  
WITH PIRATES TODAY

Most Critical Series of Year For  
National League Leaders Opens  
at Pittsburgh

INDIANS CLEAN ATHLETICS

(By United Press)  
Philadelphia, Pa., Sept. 16.—With a two and one-half game lead, the New York Giants go into their most "crucial series" of the year today in Pittsburgh against the Pirates.

On the outcome of the series hinges to a large degree the result of the National league pennant race. The Giants have the opportunity to shove the Pirates out of it hopelessly or get on the skids themselves.

Pittsburgh went into the last series with the Giants boasting of a seven and one-half game lead that looked like a mountain. The Giants took five straight and almost wrecked the club.

The American league race remained the same with both New York and Cleveland winning double headers.

The Athletics were fine meat for the Indians, so fine in fact that the fans are howling that Connie Mack wasn't any too keen to beat the champions. The Athletics used a lot of rookie pitchers.

LEADERSHIP OF  
WATSON FORESEEN

Continued from Page One  
as a member of the American delegation to the disarmament conference has presented an opportunity to provide the senate majority with a leadership thoroughly familiar with domestic problems.

In name, Senator Lodge will remain the Republican leader. The senate finance committee will be called on to furnish one of its members to serve as the actual majority leader, and it is an accepted fact that the finance committee's selection will be Senator Watson.

By his long service as a member of the finance committee Senator Watson is thoroughly familiar with the great industrial and financial problems which must be legislated on. It is also mentioned that he is particularly close to President Harding and that he has a considerable following in the senate. It is also mentioned that Senator Watson has always maintained friendly relations with those republican senators who are frequently referred to as progressives, and he is popular with the new republican senators.

Senator Watson has expressed the opinion that the senate will dispose of the revenue bill within two weeks after it is submitted by the finance committee. It will be considerably changed, as passed by the house, and the prospects are it will remain in conference for some time. However, republican leaders are hopeful that the new revenue act will go to the president by the first of December, at the latest.

Amusements

Clever Comedienne at Mystic

Eileen Percy, the clever comedienne of William Fox photoplays, has a lively picture for her new release. It is called "The Tomboy" and will be seen today only at the Mystic.

This is the type of picture that suits Miss Percy best. Her blonde beauty adds to the roguishness of the story, and in addition the author-director, Carl Harbaugh, has introduced some humorous byplay which altogether makes this an entertainment of fine value.

In the cast with Miss Percy are Hal Cooley, Richard Cummings, Paul Kamp, Byron Munson, Harry Dunkinson, James McErthern, Leo Sulkey, Grace McClean, Virginia Stern, Walter Wilkinson, Wilson Hummel, and Ethel Teare—who will be remembered for her clever work in Fox Sunshine Comedies.

IRISH CABINET TO  
CONSIDER PROBLEM

Continued from Page One  
The Irish Times: "Failure will fill the whole world with astonishment and anger. If Sinn Fein denies Lloyd George's final warning it will be defying the hopes and wishes of nine-tenths of the Irish people."

The Cork Examiner: "We emphatically refuse to believe this is the last phase of the negotiations. There have been enough notes and counternotes. The only practical means of understanding is a direct conference."  
The Northern Whig, Belfast. "Why let this treason go on? It should be grappled with vigorously and systematically. One would soon find the roots were not as deep as believed."

Possibilities of War Seen

London, Eng., Sept. 16.—England today saw possibilities of renewed warfare looming on the Irish horizon.

A gloomy view of the situation was held here. It was felt, as the daily Chronicle said, that "De Valera, by sullen persistence, has precipitated a crisis."

Today's press was aligned as though a resumption of fighting in Ireland was almost a certainty.

"If the fight begins, labor's whole sympathy must be with our sister people struggling to be free against naked, shameless imperialism," the Daily Herald declared.

"Lloyd George had the empire behind him in making the offer," the Chronicle said, "and he will have it no less in his reply to Ireland's refusal of that offer."

CALLED BY DEATH

Monroe and Otis Brooks were called to Ogden on account of the death of their grandfather, Hezekiah Brooks. The funeral was held yesterday in Ogden.

HOME WINE MAKING  
BEING CONSIDERED

Prohibition Commissioner May Ask  
Department of Justice For New  
Ruling on Subject

OLD DECISION BEING USED

(By United Press)  
Washington, Sept. 16.—The whole question of home wine making was being considered today by Prohibition Commissioner Haynes who may ask the department of justice for a new ruling on the subject.

Reports reaching Haynes show that the public has suddenly begun to take advantage of an interpretation of the Volstead act, made more than a year ago, which allows the manufacture of 200 gallons of wine a year for personal use.

A deluge of applications for permits under the ruling shows that home wine making is on the increase prohibition officials admit.

Under present interpretations of the Volstead act, it is difficult to refuse the permits. A review of the decision might plug up this leak, however.

# SOCIETY

Edited By Miss Edna Krammes  
Phone 1111

Nine members of the Yomo club were delightfully entertained yesterday afternoon at the home of Mrs. Norman Crum in West Seventh street. The guests enjoyed the afternoon with needlework and the hostess served a delicious luncheon at the close of the meeting.

Mr. and Mrs. Charles Dagler of Hagerstown entertained with a dinner party Sunday. The guests were Mr. and Mrs. Nile Siders and family and Mr. and Mrs. Lester Cole and family of Greenfield, Mrs. M. C. Bass and son Clayton of Morris-town, Mr. and Mrs. D. H. Webster and family and Mr. and Mrs. Alva Junkins of Rushville.

The Ladies Aid Society of the St. Paul's M. E. church will be entertained next Tuesday afternoon at the home of Mrs. John P. Frazee. She will be assisted by Mrs. Will Carter and Mrs. Charles Moore. The meeting will be an all day affair with a pitchin dinner at noon. All members are requested to bring their own silverware and dishes.

The Monday Circle will meet Monday afternoon at the home of Mrs. John Beale northwest of the city. The subject for discussion at this meeting will be "China's International Relations". Papers will be prepared by Mrs. Leila Gilbert on the relations with Russia and Japan and Mrs. Bessie Norris on relations with England and America. As this is the first meeting since the vacation all members are urged to be present.

Mrs. Albert Winship entertained the members of the Happy-Go-Lucky club yesterday with a prettily appointed 12.30 luncheon at her home in North Main street. The lun-

cheon table was prettily decorated with cut flowers and covers were laid for the sixteen members of the club. The afternoon was enjoyed with an informal social party.

Approximately thirty ex-soldiers attended the banquet given in their honor at the assembly room in the court house last evening by the war mothers of the county. A bountiful pitch-in supper was served and the tables were prettily decorated for the occasion with bouquets of cut flowers. Following the banquet the war mothers presented the American Legion with a beautiful flag. The presentation was made by Mrs. Margaret English in the absence of the state War Mother, who was unable to be present.

An enjoyable miscellaneous shower was given last evening at the home of Mr. and Mrs. Willie Merrill in honor of Mr. and Mrs. Clifton W. Logan. They received many pretty and useful gifts. Refreshments of ice cream, cake, lemonade and ping-pong were served. Those present were Mr. and Mrs. Roy Orme and family, Mr. and Mrs. John O. Hill, Mr. and Mrs. J. R. Dearing, Mr. and Mrs. H. C. Webb, Mr. and Mrs. J. W. English, Mr. and Mrs. John Shaw, Mr. and Mrs. Olen Orme and daughter, Mr. and Mrs. Laverne Lower and son, Mr. and Mrs. Ollie Merrill and son, Mr. and Mrs. Curby Browning, Mr. and Mrs. F. O. Browning, Mr. and Mrs. Reed Mull, Mr. and Mrs. T. W. Logan, Mr. and Mrs. Raymond Sefton, Mr. and Mrs. S. R. Mahan, Mr. and Mrs. Fred Mahan, Mr. and Mrs. Ray Sample and the Misses Myrtle Orme, Nellie Meyers, Hazel, Alice and Goley Shaw, Mary Mahan and Mull Sampson, Frank Webb and Ralph Hill.

## ORGANIZATION TO MAKE RUM FOUND

Disposing of Liquor Supposed to Have Been Smuggled, But Really Manufactured Here.

ALL BEARS FAKE LABELS

Illicit Drug Stores With Permits to Obtain Alcohol Are Means of Selling Intoxicants

(By United Press)

Jamaica, Sept. 16.—There is no demand today for Jamaica rum.

At least that is what Jamaican manufacturers have found, they say, and several large factories are making arrangements to put in machinery for the manufacture of industrial alcohol and rectified spirits, for which there is a big demand.

BY PAUL R. MALLON  
(U. P. Staff Correspondent)

New York, Sept. 16.—A huge liquor manufacturing organization, employing hundreds and operating illicit wholesale drug stores has been discovered by federal prohibition enforcement leaders here, it was learned today.

This organization has been feeding the entire United States with whiskey, gin and rum supposed to have been smuggled into the country but which, in reality, was manufactured here and sold with fake "London" and "Cuban" labels.

One arrest already has been made and the entire band is under surveillance.

E. C. Yellowley, associate enforcement director sent here from Washington, told of the operations of the band.

"When we have cleaned out these illicit wholesale druggists the work of enforcing prohibition will be easy," he said. "Practically all of the liquor now in circulation in New York comes from this source. It is also shipped to other parts of the country."

"There are some smugglers in operation," Yellowley declared, "but most of the stories of rum running have been exaggerated."

"These druggists have obtained permits to obtain alcohol. They have set in a small line of staple drugs to make their places look legitimate. We have discovered they are operating 'drug stores on wheels,' carting their small line of goods from one place to another as the prohibition agents come around for inspection."

"We have evidence that they have attempted to bribe our agents. We have already arrested one man who offered a \$600 bribe and actually gave \$400."

"They take alcohol, and by a simple process manufacture gin for the most part. Gin is easiest made—but rum and a certain kind of whiskey can be made."

"They have had printed 'Gordon gin labels' and 'Bicardi Rum' labels, exact duplicates of the originals."

About thirty-five guests delightfully surprised Charles Schaffer at his home in West Ninth street last evening. Those present spent the evening socially with music and games. Dainty refreshments were served at the close of the evening.

Mrs. Karl Kennedy entertained members of the Needlecraft Club of Connersville with an all day meeting yesterday at her home in this city. At noon a bountiful pitch-in dinner was served and the guests enjoyed the afternoon informally with needlework.

Last evening Mrs. M. F. Lucas was surprised at her home in West Ninth street by about twenty-five guests, the occasion being in honor of her birthday anniversary. A delightful evening was enjoyed on the lawn. Delicious refreshments of ice cream and cake were served.

The P. A. L. club of Falmouth was delightfully entertained at the home of Mrs. Hugh Dickey east of Fairview yesterday afternoon. A majority of the members were present, with one guest, Miss Mary Duncan. The responses to the roll call were "Natural Wonders of the United States." A short business meeting was held after which a social hour was enjoyed and dainty refreshments were served. The next meeting will be held at the home of Mrs. Lowell Vickery, September 22.

### MOVE TO CONNERSVILLE

Mr. and Mrs. Guerny Cummins of Falmouth have moved to Connersville. Mr. Cummins was formerly owner of the garage at Falmouth. He sold his shop to his brother Walter Cummins.

### COST OF LIVING IS BIG PROBLEM

People Want It Reduced, According to Messages Congressmen Bring Back to Washington

#### RETURN FROM BRIEF VISITS

Tax Revision, Tariff Protection and Reduction of Freight Rates Regarded Essential

By FRAZER EDWARDS  
(U. P. Staff Correspondent)

Washington, Sept. 16.—The people want the high cost of living reduced and business revived with a bang, according to the message republican leaders are getting today from congressmen returning to Washington from sojourns at home.

Congress is held strictly accountable for present conditions by many constituencies and complaints that congress has not enacted a tariff bill nor revised taxes could not be silenced, congressmen declared.

The people's legislative program, according to the consensus of opinion among returning congressmen.

1—Prompt revision of taxes.  
2—Tariff protection from cheap German products.

3—Reduction of freight rates.  
"Sound business men realize that America is suffering from war reaction," said Rep. Bland, "but it is hard to tell that to farmers who are selling calf skins for 42 cents and paying \$10 for shoes."

Congressmen from the middlewest declare that the farmers in their districts are the hardest hit by present conditions and are the loudest in their complaints. They admit the farmers told them to go back to Washington and get busy with taxes, tariff and freight rates.

#### FRACTURES SHOULDER

Mrs. Greenup Thompson fell at her home in Glenwood this morning and sustained a fractured left shoulder. Dr. Elliott of Connersville and Dr. Walther attended Mrs. Thompson. On account of the advanced age of Mrs. Thompson, the fracture was very painful.

#### ELECTROLYSIS

Removing superfluous hair, moles and other skin blemishes.

## SPECIAL JURY TO BE IMPANELED

To Hear Evidence Against Several Hundred Persons Charged With Violation of Prohibition Laws

MORE THAN 300 TO BE CALLED

Whether Cases of 300 Coal Miners Will be Tried Still is a Matter of Conjecture

(By United Press)

Indianapolis, Ind., Sept. 16.—A special federal grand jury will be impaneled the first week in October to hear the evidence against several hundred persons charged with violation of the prohibition laws, it was expected here today.

More than three hundred alleged violators of federal laws will be called for trial during October, District Attorney Fred Van Nuys and Noble Butler, clerk of the federal court, announced.

Whether the cases of more than 300 coal miners and operators, charged with violating the Sherman anti-trust law, will be tried in this city still is a matter of conjecture. Many of the defendants are fighting extradition to this state on the ground they should have been indicted in the districts where the alleged violations took place.

Many of the seventy cases thus far set for next month's term have aroused great interest throughout Indiana. They include a number of conspiracy cases, growing out of alleged violations of the liquor acts, including those in which forty of Muncie's citizens, many quite prominent, are involved. Then there are liquor cases from Logansport in liquor cases from Logansport in Indiana Harbor, Gary and South Bend conspiracy cases also are docketed.

Other important trials scheduled are those of A. M. Charters, formerly-cashier of the Citizens' National Bank, Peru, charged with violation of the national banking laws; E. F. Diehl, president, and Charles E. Morrice, sales manager of the I. X. L. Furniture company, Goshen, charged with making false income tax returns for the company; John W. Talbott, South Bend, charged with white slavery; Alpha L. Holliday, Muncie's "Ponzi" indicted on a charge of using the mails to defraud; Carl Heldt, Evansville bank employe, and Mark Engle and T. T. Hall, Evansville attorneys, charged with conspiracy to defraud the institution for which Heldt worked.

## HARDING AND HUGHES HAVE NO DEFINITE PLAN

Without Scheme to Develop "Association of Nations" Out of Disarmament Conference

HAVE CHOICE OF 2 PLANS

Washington, Sept. 16.—President Harding and Secretary Hughes are without a definite plan to develop "association of nations" out of the forthcoming Washington disarmament and Pacific conference, according to information in authoritative circles today.

The administration now is believed to have the choice of one of two main courses to follow in meeting the "Association of Nations" issue: 1—To accept any agreement for limitation of armaments that may be worked out in the conference, as an effective fulfillment of the "Association of Nations" pledge.

2—Or to make an effort in the conference, or as a result of it, to reach an agreement with the powers on some organized method of settling justifiable questions, which, with an agreement for limitation of armament would take the place of the League of Nations, at least for this country.

## HOPE TO REDUCE EXPENSES

Administration Wishes to Accomplish This Through Conference

Washington, Sept. 16.—The Harding administration regards the disarmament conference as its hope for reducing immediately government expenditures. This became known to Senate administration leaders in connection with inquiries as to what extent expenditures are to be curtailed next year.

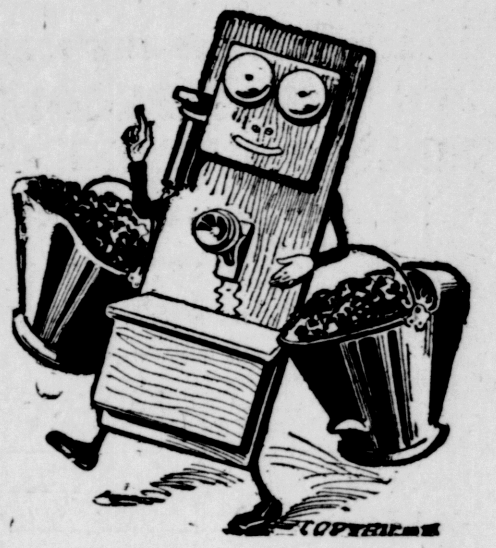

The administration has already ordered reductions totalling more than \$300,000,000 exclusive of the navy. President Harding has set \$350,000,000 as the minimum saving for all departments.

# BUY COAL NOW!

Before the Wintry Winds Begin to Blow!

**R**USHVILLE Coal Dealers urge early buying. Winter will be with us before we realize it. Snow, sleet and blustery weather makes delivery slower and more uncertain.

Therefore, you should lay in your supply now and when zero comes you can sit by the fire and toast your shins—you won't have to worry about the coal man. The undersigned dealers can supply you with the best coal on the market—either hard or soft—and the price is right. Buy Now! Fill up the Bin!

## MORE THAN HALF OF SOFT COAL IS WASTED

W. N. Logan, State Geologist Says  
Wastage is Higher Than in Any Bituminous State

### BIG BED NEAR TERRE HAUTE

Terre Haute Ind., Sept. 15.—More than half of Indiana's bituminous coal is wasted in mining. W. N. Logan, state geologist, declared today. This, Logan said, is a higher wastage per cent than in any other bituminous coal state in the country.

There are approximately 9,000,000 tons of coal under the Wabash river bed near this city, which the state department of conservation is attempting to recover for the state's benefits.

Coal mining companies are prohibited from mining this coal by a ruling of Attorney General U. S. Lesh. Lesh held that as the Wabash river is navigable natural resources lying under its bed are owned and controlled by the state.

Only one company, the Coal Bluff Mining company, has been successful in reaching the Wabash subma-

ine coal by tunneling under the river.

The Wabash deposits may prove of great value when a better way of reaching them is devised, Logan said. They contain a high percent of moisture and volatile matter, and only a medium ash and sulphur content.

Nearly all Indiana coal is mined in the counties of Benton, Warren, Fountain, Parke, Montgomery, Vigo, Putnam, Clay, Vermillion, Owen, Monroe, Lawrence, Sullivan, Greene, Knox, Dubois, Martin, Daviess, Pike, Gibson, Posey, Vanderburg, Warrick, Spencer and Perry.

### Musician Out of Tune

"Gas pressure in my stomach sometimes distressed me so that I could not think. I played out of tune and twice lost my position. No medicine helped me and I became disheartened. Another musician advised me to try May's Wonderful Remedy, and I am now enjoying the best of health." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince of money refunded. For Sale at Drug-gists Everywhere. Advertisement.

## BIG ESTATES ARE BEING BROKEN UP

Vast Pieces of Land in England Go Under Auctioneer's Cry, Due to Taxation

**RENTAL RETURN INSUFFICIENT**

Big Land Owners Unable to Meet Taxes When Land Fails to Pay By Its Crops

By CLYDE A. BEALS  
(U. P. Staff Correspondent)

London Sept 16—The auctioneer's hammer is rattling ominously in England. The decentralization of large ownerships accelerated on both sides of the Atlantic since the war is appearing now in the break-up of ancient estates.

Heavily increased taxation on land accompanied by costs of upkeep far in excess of increases in returns from rentals, makes the holding of large tracts of land not only an unprofitable but even a losing proposition. In 1920 one firm of auctioneers alone sold 349,695 acres of country property. This year thousands of acres of old estates are being sold weekly.

All England has just been startled by the announcement that the Duke of Portland made in an address to his tenants to the effect that his family can hardly hope to continue even another generation the possession of his famous country seat, Welbeck Abbey. This ancient estate, dating from 1154, is especially known for its great amount of underground passages and rooms. What seemed likely to necessitate the breakup of his estate, the Duke, said was the high death duty, known in America as the inheritance tax. This, in England, for estates valued at more than \$10,000,000 is 40 per cent.

The Duke of Portland is only one of many. The Duke of Bedford recently made public the statistics of one of his estates, showing that with the taxes and the charitable gifts, which were practically, if not actually, obligatory, the estate actually lost some \$25,000 in 1920. The Duke of Devonshire has recently been selling much of his town and country property. The Duke of Devonshire recently sold Devonshire House, in the very fashionable Park Lane, London. The old historic house, which to Englishmen seems like one of the bridges back over the centuries, will probably be torn down to make way for a hotel.

Even by that strong labor organ, the "Daily Herald", the breakup of the old estates in the present manner is deplored. "That estates are rapidly changing hands brings no relief," it says, "to the people of the country. The abolition of the old landlord only means the entry of a new one, often quite lacking in the Tory tradition of patriarchal benevolence, which, degrading though it was, served better than the mere commercial doctrine of grab. As it is, we are but changing one master for another, or for a host of others smaller in estate, but equally possessed of rights which should, in full justice, be common property. Nothing is to be gained by the transference of these lovely places from one who lost financially by the war to one who profited. But the continual marketing of the stately homes of England may suggest to the English people that it is time to demand their common heritage".

The "Pal Mall Gazette" sees in the Duke of Portland's announcement the passing of the old order. It comments: "The Dukeries scarcely dovetail into the sentiment of a more democratic age, and while the picturesqueness of the patriarchal regime will be missed, it is a healthier life that is beginning to overspread the shires with its more equal distribution of property and initiative".

Sidney Webb, in one of his lectures, suggested that the estates should not be broken up, but that they should be owned in such a way as to permit their use by a wider circle of people.

## TO HONOR FINDING OF THE NEW WORLD

Celebrations Lasting One Week to Take Place in Paris Commemorating America's Discovery

TO START ON OCTOBER 12

During Pan-American Week Will be a Congress For the Study of Economic Problems

By JOHN DE GANDT  
(U. P. Staff Correspondent)

Paris Sept. 16—Celebrations lasting one week will hereafter take place in Paris every year during the first part of October, to commemorate the discovery of the New World. The decision thereabout which will shortly be official has been reached mostly, thanks to Ramon Lopez Lomba, Uruguayan Consul General in Paris.

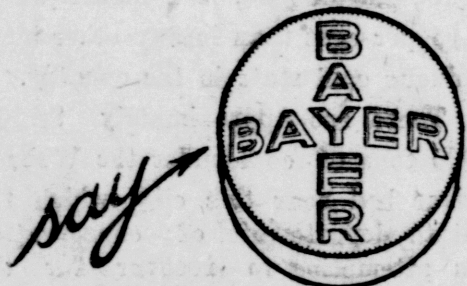

The celebrations will probably start on October 12, the very same date when, in 1492, Christopher Columbus showed Guanahani to his revolted crew. During this first Pan-American Week, there will be not only theatrical performances, processions, etc., but also a kind of congress for the study of economic financial and social problems interesting the relations of America and the Old World.

A gala show is being prepared to include popular songs and characteristic dances of all the American nations, such as the Chilean Zamacueca, the Brazilian Maxixe, Argentine Tango, Cuban Habanera, American Cakewalk, etc., with the costumes worn in the different countries. Then will be seen living reproductions of Christopher Columbus, inspired from paintings of famous masters.

The Pan-American will be the prelude for resuming works in the House of America which were almost completed when the 1914 war broke. The idea of opening such House is Lomba's, too, and it is a part of his program for economic and intellectual approachment between Europe and America. When it is finished, the House of America will include an information department grouping all nations of the New Continent. This office shall put at the disposal of the public any information which may be desirable.

## ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylicacid.

## TAXPAYERS HAND OVER THIRD INSTALLMENT

Secretary Mellon Counts on These Payments to Pull The Treasury Out of a Hole

### TO REPORT TAX BILL SOON

(By United Press)

Washington, Sept. 16—Tax payers today were handing \$525,000,000 over to the government—the third installment of their income and profits taxes.

Secretary Mellon is counting on today's payments to pull the treasury out of a hole, for the past two months have shown a current deficit of \$116,000,000.

One of Mellon's first acts today was to arrange for the refunding of \$35,000,000 in treasury certificates of indebtedness. Then he set aside \$345,000,000 for payment of semi-annual interest on the third Liberty loan. Public debt expenditures on similar operations next month will be even larger and bring the total up to about \$1,100,000.

Meanwhile the new tax bill was almost ready to be turned over to experts who will draft it into the exact form in which it will be reported to the senate next week by the finance committee.

Inheritance taxes and some minor administrative changes are all that remain to be decided on by the committee. Following the completion of the committee's bill, brief consideration will be given Senator Smoot's sale tax plan, Senator Calder's proposal for a 2.75 beer with a \$5 barrel tax on it, and other proposed amendments.

Senator Penrose, committee chairman, indicated, however, that none of these proposals will be seriously considered in committee and will have to take their chances in the senate where scores of other amendatory plans will be offered.

### LLOYD GEORGE IS ILL.

(By United Press)

Gairloch, Scotland, Sept. 16.—Premier David Lloyd George was today suffering from a further chill and a severe attack of facial neuralgia. Lord Sawson, the king's physician, was summoned to Gairloch. A dentist arrived from Inverness to treat the prime minister.

### ALLEGES FRAUD

New York, Sept. 16.—James J. Hines, anti-Murphy candidate who was defeated for the democratic nomination for Borough president of Manhattan in Tuesday's municipal primaries, has announced he will ask for a recount on the grounds of fraud.

Don't Burn Good Fuel in a Poor Stove. TAKE

## PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPISINCO.

Ask your druggist—he sells and recommends Pepsinco.

### NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Anna M. Alsmann, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 23d day of September, 1921, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 31st day of August, 1921.

LOREN MARTIN, Clerk

Sept 2-9-16 Rush Circuit Court.

### NOTICE OF ELECTION

Lot holders and members of the East Hill Cemetery Company of Rushville are hereby notified that the annual election of said company will be held in the director's room of the Rushville National Bank at Rushville, Indiana, on the first Monday and 3rd day of October 1921, between the hours of 2 and 4 p. m.

Susie Marshall spent Saturday night and Sunday in Laurel.

Ruth Shirewood and Mrs. W. O. Clark and son spent Friday with Mr. and Mrs. Noland Clark and son Ross.

Church services were well attended at the United Brethren church here Sunday night.

mental reaction, but, according to Dr. MacPherson, it is necessary when dealing with those of criminal tendencies to know what actual mental defects they may have, other than a mind that has merely failed to keep pace with the person's age.

In the methods to be employed by the state's psychologists a great deal more enters into the case. The subject's physical condition, heredity, his life during childhood and the succeeding stages of his life, to determine whether he has a mentality for which he really is not responsible, are the main factors used in reaching a conclusion.

If the patient is found to be in such a state, Dr. MacPherson said, then he will be placed in an institution where he will receive all possible care, but will be able to harm neither himself nor those with whom he comes in contact.

## Chiropractic for Stomach Trouble

The nerve and blood supply to the stomach perform an important part in the elaboration and secretion of the gastric juice, and a very important part of the nervous system is the furnishing of energy for the stomach movements during digestion. The nerves leading to the stomach pass out from the spinal cord through little openings in the spinal column, and if they are impinged by a subluxation of the vertebrae it will interfere with the transmission of nerve energy leading to the stomach which will cause that organ to become diseased. A subluxation may result from very insignificant causes, muscular contractions caused by the toxins of any of the infectious diseases, a sudden twist, a fall, or a blow, may subluxate a vertebrae in the spinal column. What can the Chiropractor do for gastritis? He will examine the spine and locate the impinged nerve and will usually find that it is tender at the point where it emerges from the spine. When the nerve is free from the pressure that is causing the trouble, nature will rush to the afflicted stomach, a sufficient amount of vital energy to neutralize the abnormal condition.

If the constitutional disease is nephritis, then the nerves leading to the kidneys will be found impinged; if it is diabetes, the nerves to the kidneys, liver and pancreas will be given attention; if it arises from heart incompetency, whatever to the secondary cause, the primary cause is always found to be in the spinal column. Many persons who have suffered for years with this distressing stomach condition have been entirely relieved through Chiropractic Adjustments. The Chiropractors have made a special study of the mechanism of the nervous system and the human spine, and can locate definitely the seat of the trouble and can correct it and thus remove the obstruction to the flow of vital force to the organs.

## Keep Your Blood Pure In Summer

Many fever epidemics are caused by impurities in the water supply and are ended only when the water is purified. Likewise, many blood disorders such as eczema, tetter, pimples, boils, blackheads and Rheumatism are caused by impurities in the blood supply and can be stopped only when these are driven out. Enrich your blood and keep it pure by taking S. S. S. You could have no better health insurance.

### NEW YORK STOCK MARKET

New York, Sept. 16.—The stock market opened with a recovery of short duration. In a majority of instances opening prices were higher than the previous close, but they soon turned back.

Baldwin Locomotive opened up 1/2 at 89 then sold at 89 1/4, only to fall back to Thursday's last price. Independent Steels were heavy and Bethlehem steel "B" made an early low at 54. Mexican Petroleum was up 3/4 at 115 1/2 but then dropped below 115. Royal Dutch was off 5/8 at 48 1/4. Steel common was firm and the first sale was up 1/2 at 78 1/2. Burns Brothers still led the specialties up 3/4 at 94 1/2. Rails were slightly lower.

The stock market opened irregular today. Opening prices included: United States Steel 78 1/4, up 1/2; Studebaker 76, up 1/2; Mexican Petroleum 115 1/2, up 3/4; Northern Pacific 77 1/4, off 1/2; Texas company 36, up 1/4; Southern Pacific 77 1/2, unchanged; American Loco. 90, unchanged; Union Pacific 120 1/4, unchanged; Crude oil 61 1/4, up 1/8; Canadian Pacific 112 3/4, off 1/4; Industrial Alcohol 48, off 1/4; Reading 71, up 1/4; Baldwin Loco 89, up 1/2; General Motors 10, up 1/4; United States Rubber 40 1/4, off 1/4; Royal Dutch 48 3/4, off 5/8; Asphalt 52 1/2, up 1/2; American Smeltering 30 1/2, up 1/2; Kelly Springfield 42 unchanged; Bethlehem Steel "B" 54 3/4, unchanged; American International 31 1/2, up 1/2; American Woolen 75, unchanged.

### WILL PROSECUTE FATTY FOR MURDER

Continued from Page One

among movie people have been getting the liquor for their sensational parties.

The Los Angeles Women's Vigilance Committee was reported ready to make public an expose of conditions. This committee was said to have placed a number of women as "extras" in the studios to investigate the treatment and temptations of young girls.

The movie producers themselves have started a quiet "clean up" from the inside. Bohemians whose private lives and spectacular booze and "dope" parties have long been a scandal to the respectable motion picture actors and actresses, will be quietly dropped from their companies under this plan.

By gentleman's agreement other producers will refuse to employ them and they will be driven out of movie land.

J. H. Pelletier, head of the morals committee here today was putting the finishing touches on his report on orgies in the screen colonies.

### CLEVELAND PRODUCE

Cleveland, Sept. 16.—Butter, eggs and poultry unchanged.

Potatoes, Jersey 425a460 a sack of 150 lbs. Sweet potatoes 200a225 a hamper.

### CAR BREAKS FIRE HYDRANT

Employees of the city water and light plant today repaired a broken fire hydrant in front of the telephone building, which was broken off last night when Lincoln Gullin's automobile went into gear and clanked upon the sidewalk, breaking the plug off almost even with the sidewalk. A considerable amount of water flooded the streets, before the water was shut off.

### MADE \$45 ON DANCE

It was announced today that Psi Iota Xi sorority made \$45 for the public school milk fund on the dance which was given recently, instead of \$25, as reported at the time.

# REO

## SPEED WAGON

### Has Never Know a Rival

That is the unique distinction enjoyed by this Reo Speed Wagon from the day of its birth.

Imitations—of course. In that regard the Reo has been the recipient of more compliments than ever were paid to any other motor vehicle.

But rivals—competitors—this Reo has never recognized one!

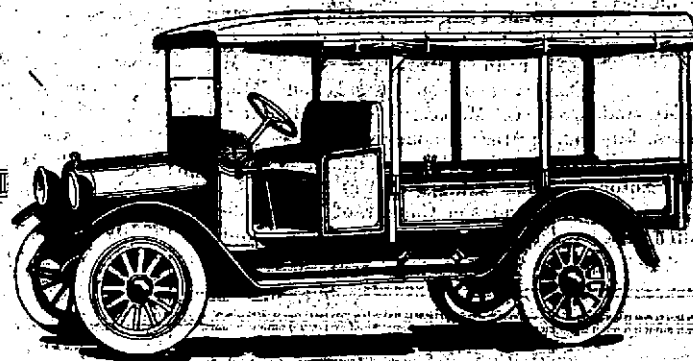

Reason is, in order to compete—to dispute honors with this powerful Reo—the would-be rival would have to be identical.

For buyers know so well the reason why of performance and low upkeep of this Reo, they refuse to accept the slightest variation in any detail from that which has proven so ideal for the service.

### COUNTY HOG SHOW IS BEING AGITATED

Many Swine Breeders Believe Exhibition Would be of Immense Benefit to Farmers

### TWO HELD IN WAYNE COUNTY

A county hog show in connection with the annual corn show in Rushville is being agitated by many breeders of registered hogs in Rush county. They point out that this is a custom which is growing throughout the state and believe that Rush county the leading hog producing county in the United States, should not lag behind in this respect.

Breeders who are interested in the project call attention to the fact that such shows are creating a great amount of interest in other counties among the breeders and farmers and are responsible for placing a better class of swine before the farmer.

A second show has just been held in Wayne county. It took place at Jackson park, one and one-half miles west of Centerville Wednesday and Thursday of this week. George W. Reeve of this county, a Spotted Poland China breeder of this county, acted as judge in the Spotted Poland China class and also in the boys and girls pig club. The show was not limited to swine, but also consisted of an exhibition of other live stock and agricultural implements.

### TO SEEK PROPERTY NOT ON DUPLICATE

Continued from Page One

The contract provides no payment shall be made for any services which it is the official duty of the county assessor or any other officer of the county or state, or of any municipal subdivision thereof, to perform.

Investigation in other counties, the contract says, will cover foreign mortgages, loans or notes, bonds, foreign stocks and other personal property which has escaped taxation in Rush county for any cause, the evidence of which property and ownership thereof is not available to taxing officials.

The company agrees in the contract to provide at its own expense

The stride of an ostrich, running at full speed measures as much as 28 feet.

### ARRIVE ON THE DAUNTLESS

Funeral For 16 Naval Men Killed in ZR-2 Explosion Tomorrow

New York, Sept. 16.—Bodies of 16 naval officers and men who were killed in the wreck of the giant dirigible ZR-2 were to arrive here late today on the British cruiser Dauntless.

The cruiser will be escorted to Brooklyn navy yard by a flotilla of destroyers. Funeral services will be held in the navy yard tomorrow afternoon.

One of the bodies, that of Lieutenant Commander Emory Coil of Marietta, O., was buried at sea by request of relatives.

# Personal Points

## TO FIGHT OPEN SHOP IN PACKING HOUSES

Meat Cutters and Butcher Workers Union Will Lay Plans at Meeting Tonight

### TRANSITION MADE QUIETLY

Kansas City, Sept. 16.—Plans to fight inaugurations of the "open shop" in the Armour, Swift, Wilson and Cudahy Packing plants here will be taken at a meeting of the meat cutters and butcher workers' union tonight, union leaders here announced today.

About 9,000 employees will be represented at the meeting.

Chicago, Sept. 16.—The transition of the plants of the five big packers here into "open shops" was quiet today.

No trouble had been reported at the yards.

Officials of the International Butchers' Union have announced no plan of action. It is understood they are seeking conferences with the packers' executives, who are firm in their decision to treat only with representatives of "company unions."

### 'MINERS RESCUED ALIVE

Carbondale, Pa., Sept. 16.—Four mine workers entombed at noon yesterday by a mine cave-in in the Colbrook mine near here have been rescued alive. Two were rescued this morning and the other two were rescued about midnight last night. They suffered no serious injuries but the two brought out today were weak after their twenty-four hours of imprisonment.

—Among those from a distance who were here yesterday to attend the funeral services for Miss Margaret Casady, were Mrs. Ellen Twomey, Mrs. Robert Casady, Mr. and Mrs. Horace Casady and daughter Frances, Mr. and Mrs. P. M. Casady and son Corval and Miss Dove C. Meredith, all of Indianapolis; Miss Winona Newsom of Chicago; Miss Roberta Harris of Columbus, O.; Mr. and Mrs. A. J. Morison and son Casady of Shelbyville, and Dr. Vernal Casady of Cleveland, O.

—The pastor has been returned to this congregation for another year.

## Too Busy?

Too busy to go to church Sunday? Some day the angel of death will tap your shoulder. You cannot put him off.

Why not cultivate the spiritual side of your nature?

The old commandment: "Six days shalt thou labor and do all thy work; but the seventh day is a Sabbath" was intended for you. Cold-blooded economists tell us that men who rest on Sunday do the most work.

There is a seat for you in this church. Come Sunday.

Remember the Sabbath to keep it holy. In it thou shalt not do any work.

### CHURCH SERVICES

**First United Presbyterian**

Bondsmen for Citizens National Bank of Tell City Search for Alphonso Schaefer

### \$21,000 IN BONDS DISAPPEAR

Tell City, Ind., Sept. 16.—Bondsmen for the Citizens National Bank here Friday were making a search in Canada for Alphonso Schaefer, cashier of the bank, following discovery by officials of the bank that \$21,000 in Liberty bonds were missing. It is believed that Schaefer took the bonds.

The cashier left Sept. 3 on a two-weeks vacation. He told his mother, Mrs. Salome Schaefer, that he was going to Louisville, Ky. After more than a week's absence without hearing from her son the mother wrote to relatives in Louisville and was told that her son had not been there.

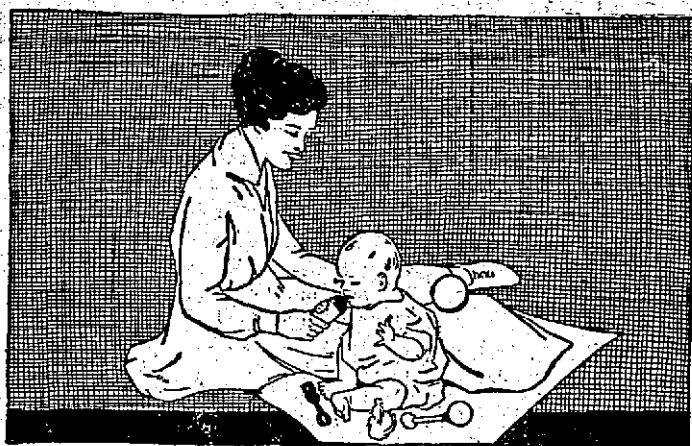

The bonds were insured by the American Surety Company.

Schaefer is treasurer for the American Loan Company of Tell City, which deals with the Citizens Bank. A deposit was made by Schaefer for the loan company on the same night that he left Tell City. It is believed that he took the bonds at that time.

The cashier was seen to board a westbound L. H. & St. L. train out of Hawesville, Ky., late Saturday night. It is believed he went to Evansville and went on to Canada.

The bank did not open until Tuesday, Sept. 6, officials of the bank said Friday. This would have given Schaefer a start of over 48 hours had the theft been detected upon the reopening of the bank.

When you are in need of anything from the Drug Store, you naturally want the very best that money can buy and that is exactly what we intend that you shall have if you trade at our store. Our constant aim is to give our customers the very highest class of Drug Store merchandise at prices which are the lowest possible, consistent with our Quality.

## For Your Baby

Need anything for the baby?

We can supply you with baby's needs of the best quality at most reasonable prices.

For the bath, we offer Soaps, Sponges, Talcums, Toilet Waters, Powder Puffs, Etc.

For nursery use, we have practically everything you need, such as Infant Foods, Nipples, Nursing and Hot Water Bottles, Etc.

If your child is ill and requires medicine, we will give your prescriptions prompt attention.

They will be most carefully filled and promptly delivered. We're here to please. Let us try.

It makes no difference what you may want from the Drug Store—Call us, we have it—we'll get it or it can't be found.

A trial order will convince you that the quality of our merchandise and of our SERVICE is unexcelled.

## Don't Stub Your Toe!

One dark night—so the story goes—a certain monarch placed a large boulder in the middle of the road. Thousands of his people, thereafter, severely stubbed their toes or troubled to walk around. At length, one lusty youth—wiser than the rest—seized the stone and heaved it from his path. And where it had rested, he found a bag of gold.

Are you stubbing your toe? Are you overlooking any bags of gold? How about the advertising in this paper? Do you read it—consistently? It is a bag of gold to many of our readers.

In our columns you will find the advertisements of alert progressive merchants and manufacturers who seek to tell you something they think you ought to know. This advertising is news about the very things that interest you most—articles that will save you money, lessen your work, or add materially to your comfort and well being.

Thrifty men and women read advertising. To them it is a plain, every day business proposition—a duty they owe themselves and their purses. It tells them where they can buy exactly what they want at a price they can afford to pay.

Advertising pays them. They make it pay.

**It will pay you, too. Read it.**

### PLAYS PRANK ON HIS FATHER

Ora Pattee, 9 Hides in Binder's Path And Feet are Cut Off

Auburn, Ind., Sept. 16.—Nine year old Ora Pattee, hid in the field to play a prank on his father, Bert Pattee, who was binding corn.

Pattee knew nothing of his son's presence until he saw him lying in the path of the binder crying for help, with both of his feet cut off, above the ankle.

Physicians say the boy will recover.

An automobile moving 50 miles an hour should be able to stop in 231 feet.

## Do Your Feet Hurt

Freight Rates Get Blame

From "it is the war" to "it is the freight". That has been the recent change in the stereotyped, blanket answer to the protest of the harassed consumer, as food prices stay up.

And the railroads are cutting wages, and putting up a very good imitation of going to the bow wows.

Wonder if there isn't some good common sense buried in the following, from a hard-headed manufacturer, who knows what he's talking about!

When he wrote it, he probably had in mind also the tremendous quantity of wood pulp that is annually diverted from newsprint to fibre boxboards, and he probably feels that if the press of the nation is to be preserved it cannot go on much longer paying the premium for its white paper that such a diversion creates.

The writer is Lacy Y. Williams. He wrote as follows in a recent number of the Railway Age-Gazette.

"My deductions from my experience as a manufacturer of packages, and as a shipper of various types of packages, is that the barrel is the strongest, most portable, most sanitary container; that it has the greatest range of use, and that it is the cheapest of all packages, without exception, when weight and contents are considered.

"Take the transportation question alone. One man will unload a carload of 200 barrels, of sugar, weighing an average of 360 pounds each, in less than an hour, and not injure a barrel in the slightest way.

"On the other hand, no rectangular container has ever been produced that could be handled at all with this weight by one, or even two men. A barrel can be rolled any distance. It carries its running gear with it.

"The contents of a barrel are protected from damage from leaky car roofs and from rain during loading and unloading, or when on platforms, which would be fatal to the contents of a fiber container.

"Shipping the barrels home empty is not necessary, for the reason that they can be used for any kind of product when empty, and always find an eager market, returning full.

"The classification on goods shipped in barrels should be lower than on goods shipped in rectangular containers for four seasons.

"First—There are fewer damages claims.

"Second—A freight crew will handle ten times the tonnage in barrels that it will in rectangular containers.

"Third—Cars can be unloaded in one-tenth the time and under weather conditions that, with other containers, might prevent the release of the car.

"Fourth—the barrel is more sanitary."

If the railroad workers who are contemplating a strike, think twice would be worse than folly.

before acting, it is probable that they will remain on the job, because there are plenty of men glad to have the places they fill at much lower wages.

The internal revenue bureau has ruled that dad has a right to make 200 gallons of wine each year for home consumption, but this will not interfere with mother doing the work.

A vaudeville show will be a dull affair when women lengthen their skirts and the bootleggers are all put out of business.

Men who are unable to appear in police court but are still able to leave the city will probably find the courts a bit rough with them when they do appear.

Failing in an alleged attempt to escape prison, Mrs. Dan Kaber has resorted to a hunger strike, which is one of the means of breaking into print.

Current Comment

For Railroad Men to Remember

(Providence Journal)

Before any railroad employee puts himself on record by word or deed in favor of rejecting the very moderate wage cut to which he has been subjected, let him note what John Sullivan, President of the Central Trades Assembly in New York City, and Major Edward Underwood, in charge of the Salvation Army's work there say about prospects for the coming winter.

According to their figures, independently compiled, there are 500,000 idle workers in the metropolis, conditions having recently become more serious week by week. Charity organizations are making unusual plans to meet the situation, believing that in respect to unemployment the winter is destined to be the worst for many years. A large number of idle workmen are now sleeping in the parks; what will they do when cold weather comes?

Bird S. Coler, Commissioner of Public Welfare, says the number of unemployed is constantly increasing. Major Deegan of the American Legion estimates that 75,000 ex-service men in the city have no work to do.

Conditions similar to these are reported over a wide area. Thousands of holders of Liberty bonds, fided over until now by selling them, have no further accumulated savings to draw upon.

For every job there are two or more applicants and the man who has one would better stick to it.

During the railroad strike of two years ago a host of volunteer trainmen were recruited in the neighborhood of New York and helped materially to put an end to the trouble. They were not in need of work—it was a time of prosperity and they had enough to do at their usual occupations. They gave their services to the roads simply to put an end to an intolerable situation.

To-day conditions are different. There are hundreds of thousands of young men who would jump at the chance to take a railroad employee's place and keep it.

In such circumstances there could be only one end to a railroad strike—a quick end, with the strikers roundly beaten and their families financially crippled. The transportation employees have had their wages raised far above the pre-war level and can afford a moderate reduction much better than the workers in many other lines.

With winter less than four months away and labor conditions throughout the country so serious that President Harding has called a national conference to take measures to meet them, a railroad strike would be worse than folly.

WALKER PRESENTS

COMPOSITE REPORT

Continued from Page One

"Favorable reports come from all the districts as to the work of the Epworth League, the Women's Missionary Societies, and other organizations of the church.

"The real status of the Centenary will be best indicated by the reports that are made here at Conference. There has been re-action in some places and difficulties are not wanting, but the glory of the Centenary grows for those who have eyes to see, and hearts to perceive, and we must and shall know only worthy victory in this great matter.

"Notwithstanding the general financial uncertainty good increases in support of the pastors is reported by several of the districts the total being about \$21,600.

"The health of our ministers and their families has been remarkably good. There have been a few exceptions, however.

"Subscriptions to the Western Advocate have been increased in the Conference this year, the Vincennes District leading in this particular. The number as reported for the Conference is 6,167.

"A gratifyingly large number of students is attending higher institutions of learning, most of them going to other than Methodist institutions. It is fortunate that we have these other institutions for we could not possibly take care of all these students in our own institutions.

"Concerning the hospital system our conference committee will make report and the superintendent of the hospital will speak.

"Money aggregating several thousands of dollars has been given by our churches for Armenian, European, and Chinese Famine Relief, and for other causes. The amount of help given for these causes beyond our own ecclesiastical borders is probably never fully reported.

"The District gatherings held this year seem to have been invariably successful. Some special gatherings have risen above the routine.

"A Conference on church music was held in St. Paul's church, Rushville, on February 8 and 9, which was largely attended and produced a deep impression. Dean McCutcheon of DePauw University and others co-operated in the program.

"A district gathering of Men's Bible Classes was held in the Coliseum at Rushville on May 23. The assembly of more than a thousand was addressed by Dr. W. S. Bovard, the secretary of the Board of Sunday schools. I am told by Dr. Bovard that this feature is now being introduced throughout the nation as a help to the work of Men's Bible classes in rural as well as city districts.

"The Bethany Park Epworth League Institute was more of a success than ever this year except in its finances. There were 504 registered delegates and nearly 500 others for part-time attendance. The financial deficit was very small. Owing to the importance and remarkable growth of this work, as well as to the needs of the Conference for a meeting place for other similar gatherings, a resolution was passed by the Board of Control recommending that a committee of this conference be appointed to find grounds that can be developed into a suitable summer meeting place for conference gatherings.

"The subject of recreation is mentioned by several of the superintendents in their reports to me. Bro. Whitsett says: 'In several sections of the district the amusements and recreations have been neglected by the churches and consequently Sunday theatres and baseball is carried on to the great detriment of the church.' Dr. Bacon says that the 'district superintendent's judgment is that the movies have not affected the attendance of church members to any great extent but they probably have affected the possibility of the churches reaching the non-church-going masses to a very great degree.'

"We all of us are grateful for the privilege which has been ours of

# SOCIETY

Edited By Miss Edna Krammes  
Phone 1111

Nine members of the Yomo club were delightfully entertained yesterday afternoon at the home of Mrs. Norman Crum in West Seventh street. The guests enjoyed the afternoon with needlework and the hostess served a delicious luncheon at the close of the meeting.

Mr. and Mrs. Charles Dagler of Hagerstown entertained with a dinner party Sunday. The guests were Mr. and Mrs. Nile Siders and family and Mrs. Lester Cole and family of Greenfield, Mrs. M. C. Bass and son Clayton of Morristown, Mr. and Mrs. D. H. Webster and family and Mr. and Mrs. Alva Jenkins of Rushville.

The Ladies Aid Society of the St. Paul's M. E. church will be entertained next Tuesday afternoon at the home of Mrs. John P. Frazee. She will be assisted by Mrs. Will Carter and Mrs. Charles Moore. The meeting will be an all day affair with a pitchin dinner at noon. All members are requested to bring their own silverware and dishes.

The Monday Circle will meet Monday afternoon at the home of Mrs. John Beale northwest of the city. The subject for discussion at this meeting will be "China's International Relations". Papers will be prepared by Mrs. Leila Gilbert on the relations with Russia and Japan and Mrs. Bessie Norris on relations with England and America. As this is the first meeting since the vacation all members are urged to be present.

Mrs. Albert Winship entertained the members of the Happy-Golucky club yesterday with a prettily appointed 12.30 luncheon at her home in North Main street. The lun-

cheon table was prettily decorated with cut flowers and covers were laid for the sixteen members of the club. The afternoon was enjoyed with an informal social party.

Approximately thirty ex-soldiers attended the banquet given in their honor at the assembly room in the court house last evening by the war mothers of the county. A bountiful pitch-in supper was served and the tables were prettily decorated for the occasion with bouquets of cut flowers. Following the banquet the war mothers presented the American Legion with a beautiful flag. The presentation was made by Mrs. Margaret English, in the absence of the state War Mother, who was unable to be present.

An enjoyable miscellaneous show-er was given last evening at the home of Mr. and Mrs. Willie Merrill in honor of Mr. and Mrs. Clifton W. Logan. They received many pretty and useful gifts. Refreshments of ice cream, cake, lemonade and ping-pong were served. Those present were Mr. and Mrs. Roy Orme and family, Mr. and Mrs. John O. Hill, Mr. and Mrs. J. R. Dearing, Mr. and Mrs. H. C. Webb, Mr. and Mrs. J. W. English, Mr. and Mrs. John Shaw, Mr. and Mrs. Olen Orme and daughter, Mr. and Mrs. Laverna Lower and son, Mr. and Mrs. Ollie Merrill and son, Mr. and Mrs. Curby Browning, Mr. and Mrs. F. O. Browning, Mr. and Mrs. Reed Mull, Mr. and Mrs. T. W. Logan, Mr. and Mrs. Raymond Sefton, Mr. and Mrs. S. R. Mahan, Mr. and Mrs. Fred Mahan, Mr. and Mrs. Ray Sample and the Misses Myrtle Orme, Nellie Meyers, Hazel, Alice and Goley Shaw, Mary Mahan and Mull Sampson, Frank Webb and Ralph Hill.

## ORGANIZATION TO MAKE RUM FOUND

Disposing of Liquor Supposed to Have Been Smuggled, But Really Manufactured Here.

ALL BEARS FAKE LABELS

Illicit Drug Stores With Permits to Obtain Alcohol Are Means of Selling Intoxicants

(By United Press)

Jamaica, Sept. 16.—There is no demand today for Jamaica rum.

At least that is what Jamaican manufacturers have found, they say, and several large factories are making arrangements to put in machinery for the manufacture of industrial alcohol and rectified spirits, for which there is a big demand.

BY PAUL R. MALLON  
(U. P. Staff Correspondent)

New York, Sept. 16.—A huge liquor manufacturing organization, employing hundreds and operating illicit wholesale drug stores has been discovered by federal prohibition enforcement leaders here, it was learned today.

This organization has been feeding the entire United States with whiskey, gin and rum supposed to have been smuggled into the country but which, in reality, was manufactured here and sold with fake "London" and "Cuban" labels.

One arrest already has been made and the entire band is under surveillance.

E. C. Yellowley, associate enforcement director sent here from Washington, told of the operations of the band.

"When we have cleaned out these illicit wholesale druggists the work of enforcing prohibition will be easy," he said. "Practically all of the liquor now in circulation in New York comes from this source. It is also shipped to other parts of the country."

"There are some smugglers in operation," Yellowley declared, "but most of the stories of rum running have been exaggerated."

"These druggists have obtained permits to obtain alcohol. They have set in a small line of staple drugs to make their places look legitimate. We have discovered they are operating 'drug stores on wheels,' carting their small line of goods from one place to another as the prohibition agents come around for inspection."

"We have evidence that they have attempted to bribe our agents. We have already arrested one man who offered a \$600 bribe and actually gave \$400."

"They take alcohol, and by a simple process manufacture gin for the most part. Gin is easiest made—but rum and a certain kind of whiskey can be made."

"They have had printed 'Gordon gin labels' and 'Bicardi Rum' labels, exact duplicates of the originals."

About thirty-five guests delightfully surprised Charles Schaffer at his home in West Ninth street last evening. Those present spent the evening socially with music and games. Dainty refreshments were served at the close of the evening.

Mrs. Karl Kennedy entertained members of the Needlecraft Club of Connersville with an all day meeting yesterday at her home in this city. At noon a bountiful pitch-in dinner was served and the guests enjoyed the afternoon informally with needlework.

Last evening Mrs. M. F. Lucas was surprised at her home in West Ninth street by about twenty-five guests, the occasion being in honor of her birthday anniversary. A delightful evening was enjoyed on the lawn. Delicious refreshments of ice cream and cake were served.

The P. A. L. club of Falmouth was delightfully entertained at the home of Mrs. Hugh Dickey east of Fairview yesterday afternoon. A majority of the members were present, with one guest, Miss Mary Duncan. The responses to the roll call were "Natural Wonders of the United States." A short business meeting was held after which a social hour was enjoyed and dainty refreshments were served. The next meeting will be held at the home of Mrs. Lowell Vickery, September 22.

### MOVE TO CONNERSVILLE

Mr. and Mrs. Guerny Cummins of Falmouth have moved to Connersville. Mr. Cummins was formerly owner of the garage at Falmouth. He sold his shop to his brother Walter Cummins.

## COST OF LIVING IS BIG PROBLEM

People Want It Reduced, According to Messages Congressmen Bring Back to Washington

### RETURN FROM BRIEF VISITS

Tax Revision, Tariff Protection and Reduction of Freight Rates Regarded Essential

By FRAZER EDWARDS  
(U. P. Staff Correspondent)

Washington, Sept. 16.—The people want the high cost of living reduced and business revived with a bang, according to the message republican leaders are getting today from congressmen returning to Washington from sojourns at home.

Congress is held strictly accountable for present conditions by many constituencies and complaints that congress has not enacted a tariff bill nor revised taxes could not be silenced, congressmen declared.

The people's legislative program, according to the consensus of opinion among returning congressmen.

1—Prompt revision of taxes.  
2—Tariff protection from cheap German products.  
3—Reduction of freight rates.

"Sound business men realize that America is suffering from war reaction" said Rep. Bland, "but it is hard to tell that to farmers who are selling calf skins for 42 cents and paying \$10 for shoes."

Congressmen from the middlewest declare that the farmers in their districts are the hardest hit by present conditions and are the loudest in their complaints. They admit the farmers told them to go back to Washington and get busy with taxes, tariff and freight rates.

### FRACTURES SHOULDER

Mrs. Greenup Thompson fell at her home in Glenwood this morning and sustained a fractured left shoulder. Dr. Elliott of Connersville and Dr. Walther attended Mrs. Thompson. On account of the advanced age of Mrs. Thompson, the fracture was very painful.

## SPECIAL JURY TO BE IMPANELED

To Hear Evidence Against Several Hundred Persons Charged With Violation of Prohibition Laws

MORE THAN 300 TO BE CALLED

Whether Cases of 300 Coal Miners Will be Tried Still is a Matter of Conjecture

(By United Press)

Indianapolis, Ind., Sept. 16.—A special federal grand jury will be impaneled the first week in October to hear the evidence against several hundred persons charged with violation of the prohibition laws, it was expected here today.

More than three hundred alleged violators of federal laws will be called for trial during October, District Attorney Fred Van Nuys and Noble Butler, clerk of the federal court, announced.

Whether the cases of more than 300 coal miners and operators, charged with violating the Sherman anti-trust law, will be tried in this city still is a matter of conjecture. Many of the defendants are fighting extradition to this state on the ground they should have been indicted in the districts where the alleged violations took place.

Many of the seventy cases thus far set for next month's term have aroused great interest throughout Indiana. They include a number of conspiracy cases, growing out of alleged violations of the liquor acts, including those in which forty of Muncie's citizens, many quite prominent, are involved. Then there are liquor cases from Logansport in liquor cases from Logansport in Indiana Harbor, Gary and South Bend conspiracy cases also are docketed.

Other important trials scheduled are those of A. M. Charters, formerly cashier of the Citizens' National Bank, Peru, charged with violation of the national banking laws; E. F. Diehl, president, and Charles E. Morrice, sales manager of the I. X. L. Furniture company, Goshen, charged with making false income tax returns for the company; John W. Talbot, South Bend, charged with white slavery; Alpha L. Holliday, Muncie's "Ponzi" indicted on a charge of using the mails to defraud; Carl Heldt, Evansville bank employe, and Mark Engle and T. T. Hall, Evansville attorneys, charged with conspiracy to defraud the institution for which Heldt worked.

## HARDING AND HUGHES HAVE NO DEFINITE PLAN

Without Scheme to Develop "Association of Nations" Out of Disarmament Conference

HAVE CHOICE OF 2 PLANS

Washington, Sept. 16.—President Harding and Secretary Hughes are without a definite plan to develop "association of nations" out of the forthcoming Washington disarmament and Pacific conference, according to information in authoritative circles today.

The administration now is believed to have the choice of one of two main courses to follow in meeting the "Association of Nations" issue:

1—To accept any agreement for limitation of armaments that may be worked out in the conference, as an effective fulfillment of the "Association of Nations" pledge.

2—Or to make an effort in the conference, or as a result of it, to reach an agreement with the powers on some organized method of settling justifiable questions, which, with an agreement for limitation of armament would take the place of the League of Nations, at least for this country.

## HOPE TO REDUCE EXPENSES

Administration Wishes to Accomplish This Through Conference

Washington, Sept. 16.—The Harding administration regards the disarmament conference as its hope for reducing immediately government expenditures. This became known to Senate administration leaders in connection with inquiries as to what extent expenditures are to be curtailed next year.

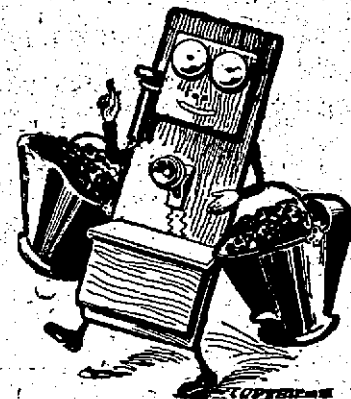

The administration has already ordered reductions totalling more than \$300,000,000 exclusive of the navy. President Harding has set \$350,000,000 as the minimum saving for all departments.

# BUY COAL NOW!

Before the Wintry Winds Begin to Blow!

**R**USHVILLE Coal Dealers urge early buying. Winter will be with us before we realize it. Snow, sleet and blustery weather makes delivery slower and more uncertain.

Therefore, you should lay in your supply now and when zero comes you can sit by the fire and toast your shins—you won't have to worry about the coal man. The undersigned dealers can supply you with the best coal on the market—either hard or soft—and the price is right. Buy Now! Fill up the Bin!

OLD KING COAL

At the phone again,  
Summer's passing out,  
Winter's comin' in.  
Something to think about,  
FILL UP THE BIN!

Telephone any dealer listed below and you will be assured of service and satisfaction.

The Soft and Hard Coal now handled at our yard have been sold by us for years. Their worth has been proven by innumerable satisfied customers who have long used them.

You will be sure of satisfaction by firing with coal of tested worth.

## MORE THAN HALF OF SOFT COAL IS WASTED

W. N. Logan, State Geologist Says Wastage is Higher Than in Any Bituminous State

BIG BED NEAR TERRE HAUTE

Terre Haute Ind., Sept. 15.—More than half of Indiana's bituminous coal is wasted in mining. W. N. Logan, state geologist, declared today. This, Logan said, is a higher wastage per cent than in any other bituminous coal state in the country.

There are approximately 9,000,000 tons of coal under the Wabash river bed near this city, which the state department of conservation is attempting to recover for the state's benefits.

Coal mining companies are prohibited from mining this coal by a ruling of Attorney General U. S. Lesh. Lesh held that as the Wabash river is navigable natural resources lying under its bed are owned and controlled by the state.

Only one company, the Coal Bluff Mining company, has been successful in reaching the Wabash subma-

ine coal by tunneling under the river.

The Wabash deposits may prove of great value when a better way of reaching them is devised, Logan said. They contain a high percent of moisture and volatile matter, and only a medium ash and sulphur content.

Nearly all Indiana coal is mined in the counties of Benton, Warren, Fountain, Parke, Montgomery, Vigo, Putnam, Clay, Vermillion, Owen, Monroe, Lawrence, Sullivan, Greene, Knox, Dubois, Martin, Daviess, Pike, Gibson, Posey, Vanderburg, Warrick, Spencer and Perry.

## Musician Out of Tune

"Gas pressure in my stomach sometimes distressed me so that I could not think. I played out of tune and twice lost my position. No medicine helped me and I became disheartened. Another musician advised me to try Mayr's Wonderful Remedy, and I am now enjoying the best of health." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince of money refunded. For Sale at Drug-gists Everywhere. Advertisement

## BIG ESTATES ARE BEING BROKEN UP

Vast Pieces of Land in England Go Under Auctioneer's Cry, Due to Taxation

### RENTAL RETURN INSUFFICIENT

Big Land Owners Unable to Meet Taxes When Land Fails to Pay By Its Crops

By CLYDE A. BEALS  
(U. P. Staff Correspondent)

London Sept 16—The auctioneer's hammer is rattling ominously in England. The decentralization of large ownerships accelerated on both sides of the Atlantic since the war is appearing now in the break-up of ancient estates.

Heavily increased taxation on land accompanied by costs of upkeep far in excess of increases in returns from rentals, makes the holding of large tracts of land not only an unprofitable but even a losing proposition. In 1920 one firm of auctioneers alone sold 349,695 acres of country property. This year thousands of acres of old estates are being sold weekly.

All England has just been startled by the announcement that the Duke of Portland made in an address to his tenants to the effect that his family can hardly hope to continue even another generation the possession of his famous country seat, Welbeck Abbey. This ancient estate, dating from 1154, is especially known for its great amount of underground passages and rooms. What seemed likely to necessitate the breakup of his estate, the Duke, said was the high death duty, known in America as the inheritance tax. This, in England, for estates valued at more than \$10,000,000 is 40 per cent.

The Duke of Portland is only one of many. The Duke of Bedford recently made public the statistics of one of his estates, showing that with the taxes and the charitable gifts, which were practically, if not actually, obligatory, the estate actually lost some \$25,000 in 1920. The Duke of Bedford has recently been selling much of his town and country property. The Duke of Devonshire recently sold Devonshire House, in the very fashionable Park Lane, London. The old historic house, which to Englishmen seems like one of the bridges back over the centuries, will probably be torn down to make way for a hotel.

Even by that strong labor organ, the "Daily Herald", the breakup of the old estates in the present manner is deplored. "That estates are rapidly changing hands brings 'no relief,' it says, 'to the people of the country. The abolition of the old landlord only means the entry of a new one, often quite lacking in the Tory tradition of patriarchal benevolence, which, degrading though it was, served better than the mere commercial doctrine of grab. As it is, we are but changing one master for another, or for a host of others smaller in estate, but equally possessed of rights which should, in full justice, be common property. Nothing is to be gained by the transference of these lovely places from one who lost financially by the war to one who profited. But the continual marketing of the stately homes of England may suggest to the English people that it is time to demand their common heritage'.

The "Pal Mall Gazette" sees in the Duke of Portland's announcement the passing of the old order. It comments: "The Dukeries scarcely dovetail into the sentiment of a more democratic age, and while the picturesque of the patriarchal regime will be missed, it is a healthier life that is beginning to overspread the shires with its more equal distribution of property and initiative'.

Sidney Webb, in one of his lectures, suggested that the estates should not be broken up, but that they should be owned in such a way as to permit their use by a wider circle of people.

**CHARLIE PUT ONE OVER**  
London, Sept. 16—Charlie Chaplin was chuckling today over the one he "put over" on a fashionable London audience at Covent Garden opera house last night at the Beckett-McCormick light.

The enterprising management offered 100 pounds to the first person to identify the comedian but Charlie sat through the fight undetected.

He was disguised as a woman.

## TO HONOR FINDING OF THE NEW WORLD

Celebrations Lasting One Week to Take Place in Paris Commemorating America's Discovery

TO START ON OCTOBER 12

During Pan-American Week Will be a Congress For the Study of Economic Problems

By JOHN DE GANDT  
(U. P. Staff Correspondent)

Paris, Sept. 16—Celebrations lasting one week will hereafter take place in Paris every year during the first part of October, to commemorate the discovery of the New World. The decision thereabout which will shortly be official has been reached mostly, thanks to Ramon Lopez Lomba, Uruguayan Consul General in Paris.

The celebrations will probably start on October 12, the very same date when, in 1492, Christopher Columbus showed Guanahani to his revolted crew. During this first Pan-American Week, there will be not only theatrical performances, processions, etc., but also a kind of congress for the study of economic financial and social problems interesting the relations of America and the Old World.

A gala show is being prepared to include popular songs and characteristic dances of all the American nations, such as the Chilean Zamacueca, the Brazilian Maxixe, Argentine Tango, Cuban Habanera, American Cakewalk, etc., with the costumes worn in the different countries. There will be seen living reproductions of Christopher Columbus, inspired from paintings of famous masters.

The Pan-American will be the prelude for resuming works in the House of America which were almost completed when the 1914 war broke. The idea of opening such House is Lomba's, too, and it is a part of his program for economic and intellectual approachment between Europe and America. When it is finished, the House of America will include an information department grouping all nations of the New Continent. This office shall put at the disposal of the public any information which may be desirable.

## ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Susie Marshall spent Saturday night and Sunday in Laurel.

Ruth Shrewood and Mrs. W. O. Clark and son spent Friday with Mr. and Mrs. Noland Clark and son Ross.

Church services were well attended at the United Brethren church here Sunday night.

### NEW LAW CONTROLS MENTAL CRIMINALS

Boston, Sept. 16—The culpability of criminals brought before the Massachusetts courts repeatedly for the same or similar offenses henceforth will rest on the offender's mental status. This will be determined by psychiatric examinations in accordance with a new law.

That the mental tests are not a variation of the familiar army or Binet formulas is explained by Dr. George MacPherson, assistant commissioner of the state department of mental diseases.

Such examinations readily reveal the subject's emotional or tempera-

mental reaction, but, according to Dr. MacPherson, it is necessary when dealing with those of criminal tendencies to know what actual mental defects they may have, other than a mind that has merely failed to keep pace with the person's age.

In the methods to be employed by the state's psychologists a great deal more enters into the case. The subject's physical condition, heredity, his life during childhood and

the succeeding stages of his life, to determine whether he has a mentality for which he really is not responsible, are the main factors used in reaching a conclusion.

If the patient is found to be in such a state, Dr. MacPherson said, then he will be placed in an institution where he will receive all possible care, but will be able to harm neither himself nor those with whom he comes in contact.

## Chiropractic for Stomach Trouble

The nerve and blood supply to the stomach perform an important part in the elaboration and secretion of the gastric juices, and a very important part of the nervous system is the furnishing of energy for the stomach movements during digestion. The nerves leading to the stomach pass out from the spinal cord through little openings in the spinal column, and if they are impinged by a subluxated vertebrae it will interfere with the transmission of nerve energy leading to the stomach which will cause that organ to become diseased. A subluxation may result from very insignificant causes, muscular contractions caused by the toxins of any of the infectious diseases, a sudden twist, a fall, or a blow, may subluxate a vertebrae in the spinal column. What can the Chiropractor do for gastritis? He will examine the spine and locate the impinged nerve and will usually find that it is tender at the point where it emerges from the spine. When the nerve is free from the pressure that is causing the trouble, nature will rush to the afflicted stomach, a sufficient amount of vital energy to neutralize the abnormal condition.

If the constitutional disease is nephritis, then the nerves leading to the kidneys will be found impinged; if it is diabetes, the nerves to the kidneys, liver and pancreas will be given attention; if it arises from heart incompetency, whatever the secondary cause, the primary cause is always found to be in the spinal column. Many persons who have suffered for years with this distressing stomach condition have been entirely relieved through Chiropractic Adjustments. The Chiropractors have made a special study of the mechanism of the nervous system and the human spine, and can locate definitely the seat of the trouble and can correct it and thus remove the obstruction to the flow of vital force to the organs.
